

2017-2018

Course Description Catalog

Course Description Catalog

2017-2018

OUR MISSION

To be a quality educational system providing the resources for ALL students to reach their potential in mind, body and spirit.

OUR VISION

To be America's benchmark for excellence in education

This High School Course Description Catalog describes Clovis Unified School District's curricular offerings for the 2017-2018 school year. Using these resources and with the support of their parents and counselor, students will be able to design their course schedule for the upcoming school year. Clovis Unified students are encouraged to select classes that are both interesting and challenging to them. Students should select courses that will best prepare them for post-secondary experiences and options.

This catalog provides basic planning information so students can develop their class schedule based upon post-high school goals. Included in this booklet are the current graduation requirements as well as UC/CSU admission requirements. Each high school counseling staff is ready to assist students and parents in the development of a personalized four-year plan that takes these factors into consideration.

The Clovis Unified School District's commitment to parent involvement encourages and welcomes the continuous participation of parents during this planning process and throughout their student's high school years. Parents are vital partners in their student's high school success. Please call upon your school's educational staff whenever you are in need of assistance.

NON-DISCRIMINATION

This school district/County Office does not discriminate on the basis of race, color, national origin, age, religion, political affiliation, gender, mental or physical disability, sexual orientation, parental or marital status, or any other basis protected by federal, state or local law, ordinance or regulation, in its educational program(s) or employment.

CLOVIS UNIFIED REQUIREMENTS FOR GRADUATION

IN ORDER TO GRADUATE FROM CLOVIS UNIFIED, STUDENTS MUST COMPLETE A TOTAL OF 230 CREDITS IN THE REQUIRED SUBJECT AREAS LISTED BELOW.

Required Subjects	Length of Time	Credits
English/Language Arts	4 Years	40
Mathematics	Minimum of 2 Years in High School to include: <ul style="list-style-type: none"> • Math 1 • Math 2 	20
Science	2 Years of Science to include: <ul style="list-style-type: none"> • 1 Year of Physical Science • 1 Year of Biological Science 	20
History/Social Science	3 Years of History/Social Science to include: <ul style="list-style-type: none"> • 1 Year of World History • 1 Year of United States History • 1 Semester of United States Government • 1 Semester of Economics 	30
Health	1 Semester of Health	5
Physical Education	4 Years of Physical Education to include: <ul style="list-style-type: none"> • 2 Years of Core PE • 2 Years of PE Elective (Grades 11/12 Only) 	40
Academic Breadth	2 Years of Selected Combinations Listed Below: <ul style="list-style-type: none"> • 2 Years of World Language • 2 Years of Visual/Performing Art • 2 Years of a CTE Course <ul style="list-style-type: none"> ○ 2 Years of any Combination Above <p style="text-align: center;">OR</p> <ul style="list-style-type: none"> • 1 Year of any of the Above Plus: <ul style="list-style-type: none"> ○ An additional year of Science (3rd Year) ○ An Additional year of Math (3rd Year) ○ 1 Year of English or Math Intervention 	20
Electives	Any Additional Courses to complete the 230 Credit Requirement	55
TOTAL CREDITS		230

ADDITIONAL REQUIREMENTS

Physical Education:

- After the completion of 2 years Core PE, students may waive the PE requirement if they are enrolled in CART, ROP/CTE, CCCAP, or ROTC, as long as they have passed the PFT during their 9th/10th grade years.
- Students who have successfully completed 2 years of Core PE and have an “impacted” schedule in their Junior/Senior year, may qualify for Directed Study PE.

Senior Schedule:

- A Senior student must be enrolled in a minimum of FIVE courses, with at least two academic core classes during each semester.

CLOVIS UNIFIED COLLEGE AND CAREER READINESS

CAREER CRUISING

Career Cruising is an electronic college, and/or career planning management system for 6th through 12th grade students, parents, teachers, and counselors. It also provides resource tools for College Research, Career Assessment, Scholarship Search, SAT/ACT Preparation, and Resumes. Some of the Program Features:

- Assessments: Matchmaker, Ability Profiler, Learning Styles
- Careers: Search for Careers, Career Selector, Military Careers
- Education: Search for Colleges/Majors Compare Schools, School Selector, Planning Timeline
- Financial Aid: Search, Selector, Federal Aid
- Employment: Employments Guide, Job Search, Resume Builder

CAREER TECHNICAL EDUCATION (CTE) PATHWAYS

Career Technical Education (CTE) provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers and to be a lifelong learner. CTE courses, programs and training focus on the technical and academic skills needed to attain and maintain high-skill, high-demand careers. A quality CTE experience offers opportunity for learning in Career Awareness, Career Exploration, and Career Readiness for students at a variety of grade levels.

Clovis Unified offers 18 different pathways, with approximately 70 courses from the 15 career industry sectors. In addition to technical training and career foundations, these courses also offer a wide range of additional educational benefits, including critical thinking development, technical literacy, public speaking skills, leadership development, and planning/organizational skills. Qualifying courses and course instructors also offer dual enrollment college credits, industry certification, and internships for students.

Clovis Unified wants our students to be college and career ready. Students need to be prepared for any post-secondary education or training experience. They must also be able to effectively navigate pathways that connect education and employment to achieve a fulfilling, financially secure and successful career. (See CTE Section in this booklet for more detailed information).

CENTER FOR ADVANCED RESEARCH & TECHNOLOGY (CART)

CART offers a half-day program for juniors and seniors. Students choose a career-focused lab that offers integrated curriculum which is project-based, features community involvement and use of technology. Students work in groups and interact with mentors from the community, all while making progress toward college and /or career readiness. (See CART Section in this booklet for more detailed information).

CLOVIS COMMUNITY COLLEGE ADVANTAGE PROGRAM (CCCAP)

The Clovis Community College Advantage Program (CCCAP) will give students the opportunity to earn high school and college credit at the same time. This program allows students to get a “head start” in their college studies. The students begin their college journey by taking courses at the Clovis Community College in both the fall and spring semesters. Students will have an opportunity to complete two courses each semester. All these classes are transferrable to both the California State University and University of California systems. This special dual-credit program is open to a limited number of seniors from each high school.

The following requirements must be met in order to qualify for this special part-time educational enrichment student program:

- 2.5 Or better cumulative grade point average
- Approval of the high school principal and high school counselor
- Parent approval
- Completed application approved by the CCCAP counselor at Clovis Community College.

UNIVERSITY OF CALIFORNIA (UC) CALIFORNIA STATE UNIVERSITY (CSU) REQUIREMENTS FOR ADMISSION

The University of California consists of 10 campuses located throughout the state. The minimum GPA for acceptance into the UC system is 3.0. Acceptance is based on a comprehensive review. Meeting the minimum requirement does not guarantee acceptance. The California State University system has 23 campuses located throughout the state. Acceptance into the CSU system is based on eligibility index calculated using GPA and SAT or ACT scores. The minimum GPA for acceptance is 2.4. Meeting the minimum requirement does not guarantee acceptance.

ALL REQUIRED CLASSES MUST BE PASSED WITH A “C” OR BETTER AND MUST BE FOUND ON YOUR HIGH SCHOOL’S UC/CSU APPROVED COURSE LIST.

Find Your School’s Approved A-G Course list at: <https://hs-articulation.ucop.edu/agcourselist>

REQUIRED A–G CATEGORIES

Category A: History/Social Science 2 years

Two years of history/social science, including one year of world history, cultures, and geography and one year of US history or one-half year of US history and one-half year of civics or American Government.

Category B: English 4 years

Four years of college-preparatory English that include frequent and regular writing, and reading of classic and modern literature. No more than one year of ELD-type courses can be used to meet this requirement.

Category C: Mathematics 3 years (4 years recommended)

Three years of college-preparatory mathematics, that includes the topics covered in Math I, Math II and Math III. Math courses taken in the seventh and eighth grades may also be accepted if found to be equivalent to HS math courses.

Category D: Laboratory Science 2 years (3 years recommended)

Two years of laboratory science providing fundamental knowledge in two of these three foundational subjects: biology, chemistry, and physics. Advanced laboratory science classes that have biology, chemistry, or physics as prerequisites and offer substantial additional material may be used to fulfill this requirement.

Category E: Language Other than English (World Languages) 2 years (3 years recommended)

Two years of the same language other than English. Courses should emphasize speaking and understanding, and include instruction in grammar, vocabulary, reading, composition, and culture. Courses in languages other than English taken in the seventh and eighth grades may be used to fulfill part of this requirement if the high school accepts them as equivalent to its own courses.

Category F: Visual and Performing Arts 1 year

A single year-long approved arts course from a single VAPA discipline: dance, drama/theater, music, or visual art.

Category G: College Preparatory Electives 1 year

One year (two semesters) in addition to those required in A-F above, chosen from the following areas: visual and performing arts (non-introductory level courses), history, social science, English, advanced mathematics, laboratory science, and language other than English (a third year in the language used for the E requirement or two years of another language).

SUBJECT	CUSD Req.	CUSD Graduation	Minimum A-G Course Requirement
History/Social Science		3 years	A - 2 years
English		4 years	B - 4 years
Math		2 years	C - 3 years through Math III
Science		2 years	D - 2 years including Biology, Chemistry or
Language Other than English		1 year	E - 2 years
Visual/Performing Art		1 year	F - 1 year
Electives		55 credits	G - 1 year of G Elective – approved class
Health		1 semester	
Physical Education		4 years

INTERSCHOLASTIC SPORTS, CO-CURRICULAR & NCAA ELIGIBILITY REQUIREMENTS

ACADEMIC POLICIES FOR CO-CURRICULAR AND EXTRA-CURRICULAR PARTICIPATION

The Clovis Unified School Board establishes the following standards with the intention that any student participating in a co-curricular or extracurricular activity, grades 7-12, will maintain a grade point average for all classes and minimum progress toward high school graduation that demonstrates satisfactory course work. Each school site is directed to develop a plan to provide monitoring and assistance to individual students in order to satisfy these standards. The adoption of this policy concurrently satisfies the requirements of the California Education Code (Section 35160.5) and the California Interscholastic Federation (Bylaw 205).

Grade Point Average Requirement

A student must earn at least a 2.0 grade point average in all enrolled classes for the prior grading period in order to participate in co-curricular activities. A student who fails to achieve at least a 2.0 grade point average will be placed on probation for the current grading period provided the student complies with the school's tutorial assistance program. A student who does not achieve at least a 2.0 grade point average during the probationary period shall not be allowed to participate in co-curricular and extracurricular activities in the subsequent grading period.

Progress Toward Graduation

The following number of accumulated units toward high school graduation will be the standard for minimum achievement and continuing eligibility.

Sophomore, Fall Semester	55 units
Sophomore, Spring Semester	80 units
Junior, Fall Semester	110 units
Junior, Spring Semester	135 units
Senior, Fall Semester	165 units
Senior, Spring Semester	195 units

A student who does not accumulate the required number of units toward high school graduation may be placed on probation for the current semester. A student who does not achieve the necessary number of units by the end of the probationary semester shall not be allowed to participate in co-curricular and extracurricular activities in the following semester.

Written Notification

The school will provide written notification whenever a student is placed on probation or becomes ineligible for co-curricular and/or extracurricular participation under the standards of this policy.

School's Tutorial Assistance Program

The school site program must include a minimum of two hours of tutorial assistance (study table) at the intermediate school level and three hours at the high school level per week. Progress checks and parent communication should be included on a regular basis.

Summer School

Summer school grades may be combined with grades from the last grading period in computing the grade point average to determine eligibility for the first grading period of the next school year.

End of Grading Period/Semester

A school must declare students eligible, ineligible, or on probation on the same day following the close of the previous grading period. This date should be set to allow for accuracy in the issuance of grades and the determination of grade point averages.

Intermediate to High School

Grades earned during the last grading period of the eighth grade must be used to determine probation/eligibility for the first grading period of the ninth grade. (Performance in Summer School may determine student placement in some High School courses), and eligibility in co-curricular programs.

Transfer Students

A transfer student is subject to all the conditions of the grade point average requirement. If a transfer student is below the standards for accumulated units toward high school graduation, a school can implement a probationary period if the following conditions are met:

1. A written plan of course work for the student to catch up on credits within twelve months (or the graduation ceremony for a senior) is developed. The plan is to be submitted to the Area Assistant Superintendent for approval.
2. The student must attend the Tutorial Assistance Program (weekly study table).
3. The student must circulate a progress report every two weeks. The report must show passing grades in all classes for an additional two weeks probation with at least a 2.0 grade point average.
4. The sequence of two week probationary periods can be granted up through the twelve months of the education plan if conditions (2) and (3) are satisfied.

INTERSCHOLASTIC SPORTS

Clovis Unified School District offers a wide range of interscholastic sports at all of our 5 comprehensive as well as some of our alternative high schools, and encourages all students to participate in interscholastic sports and extracurricular activities. Each athlete must meet the district eligibility standards and agree to the Student Athlete Code of Ethics. No student may participate in athletics with a grade point average lower than 2.0.

NATIONAL COLLEGIATE ATHLETIC ASSOCIATION (NCAA)

DO YOU PLAN TO BE A COLLEGE ATHLETE?

Students planning to enroll in college as a freshman and play sports for a Division I or II school, must be deemed academically qualified by the NCAA Initial Eligibility Center. The Center ensures consistent interpretation of NCAA initial eligibility requirements for all prospective student athletes at all member institutions.

Obtaining complete information regarding athletic eligibility at the college level is the responsibility of the parent and student/athlete. Information is available online at www.ncaa.org. Applications are available on line. Students should start this process in the spring of their junior year of high school. It is the student's responsibility to make sure the NCAA Eligibility Center has the following documents it needs to certify a student/athlete:

- A completed On Line Eligibility Center Application.
- An "official" transcript sent directly from every high school attended
- ACT or SAT scores (students should request their scores be sent directly from College Board or ACT to the Eligibility Center.

To be eligible, students must do the following:

- Graduate from high school
- Complete the 16 core courses (See chart below)
- Present a minimum grade point average (GPA) in those core courses
- Present a qualifying test score on either ACT or SAT

Listed below are the 16 core courses needed to qualify for either Division 1 or Division II colleges. For further information regarding required GPA and ACT/SAT test scores, or any other questions - go to www.ncaa.org.

Required Core Courses	Division I	Division II (For athletes enrolling on or after August 1, 2018)
English	4 years	3 years
Mathematics (Math1 or higher)	3 years	2 years
Science (natural/physical) (1 year lab science required)	2 years	2 years
Social Science	2 years	2 years
Additional English, Math or Natural/Physical Science	1 year	3 years
Additional courses (Any area listed above, foreign language or comparative religion/philosophy)	4 years	4 years

Health	1 semester	
Physical Education	4 years	

Clovis Unified believes that homework serves many important purposes and is a reinforcement of classroom learning. Students should plan to spend a minimum of one half hour per night, per class, on homework in an environment free from distraction. Students enrolled in AP classes may have more than one half hour of homework per night and should carefully plan their schedule and selection of courses, accordingly.

ACADEMIC POLICIES

Changing, Adding, and Dropping Courses

CUSD Counselors and Administrators have dedicated significant efforts to ensure students are enrolled in the most appropriate courses upon consideration of the student's post-secondary goals. Prior to selecting their courses, each student has met with a teacher from each academic discipline to discuss individual course recommendations.

Additionally, counselors have given classroom presentations detailing both graduation requirements and college admissions requirements/expectations to assist students in selecting the most appropriate schedules based on their individual pursuits. Finally, counselors meet one-on-one with each student to review their course selection. Significant Master Schedule and Staffing decisions have been made based on Spring course selection of CUSD students. Please check with your individual Counseling Departments for their procedures on Changing, Adding, and Dropping Courses.

Course Identification

- **(P) Courses:** These courses are considered College Preparatory. They have been approved through the UC/CSU system and are placed in the appropriate category on the school's A-G list.
- **Honors Courses:** Most Honors courses are also designated with a (P). The course is meant to be more rigorous than the regular course.
- **(HP) Courses:** Courses identified with an (HP) are approved as UC/CSU Honors courses and will receive an extra grade point in their GPA.
- **AP Courses:** Clovis Unified currently has 25 Advanced Placement (AP) courses, which are also identified as (HP). The curriculum is designated by College Board and are very rigorous. If passed with a C or better, students will receive an extra grade point weight in their GPA.

Early Graduation: Students may graduate early provided they complete the following steps

- Petition for early graduation (Board Policy 3209) before October 1st of the last year of intended high school attendance. (See Counselor for assistance)
- Complete all CUSD required academic core courses required for graduation.
- Complete 30-35 credits of PE including 20 credits of Core PE.
- Have no outstanding obligations or fees from CUSD or any school from which they transferred.

Finals Policy

Each high school will follow the policy specific to their campus. Please consult with site student handbook.

Impacted Schedule

Participation in Band, Color-Guard, Choir, Drama, Forensics, Leadership, Peer Counseling, AVID, JROTC, CTE Pathways, CCCAP Program, and/or Advanced Placement (AP) classes may "impact" a student's schedule – creating the need to find room in their schedule. Samples of an Impacted Schedule (Administrative Regulation 3207) are listed below:

- 5 AP courses in a full 6-course schedule.
- 4 AP courses in a 5-course schedule.
- 1 AP course with a full 6-course schedule and special approval from student's Learning Director.
- 5 College prep (P) courses meeting University of California (UC) "a-g" requirements.

Incomplete Grade (INC)

A semester incomplete (INC) grade may be issued by a teacher, with administrative approval, when a student has not completed the course requirements due to an extended absence or extenuating circumstances. The student will have up to six weeks to complete the required work and receive a passing grade. An incomplete grade not resolved by that time will be changed to an F.

Maximum Credit Guidelines

- A regular schedule consists of six classes (30 credits per semester).
- Students may take additional credits per semester through a combination of regular schedule, CART, CTE, credit recovery, etc., with counselor permission.
- Students may request to take an additional 5 credits (totaling 45 credits) with Site approval.
- Credits beyond 45 per semester require District Administrative approval.

Repeating a Course

A student may petition to substitute a grade by repeating a course with the following understanding and conditions:

- Only courses completed in CUSD for original credit may be considered.
- A course may be repeated only once.
- A grade of C or higher may not be repeated.
- A course may not be repeated if a more advanced course in the same subject area has been taken.
- Grades received for the repeated course will appear on the transcript (higher or lower) and will be calculated into the GPA. The original attempt will appear on the transcript with a 0 in the attempted & earned credit columns.
- A student who repeats a course will not be considered for Valedictorian at graduation if the revised GPA is 4.0.

Report Cards

Three report cards are issued per semester - at six weeks, at twelve weeks, and at eighteen weeks. All report cards, six & twelve-week progress/deficiency grade reports and 18-week (semester) grades are mailed home.

Summer School

- Students who meet the qualifications can take up to 10 credits in Summer School, with the exception of incoming Seniors, they can take up to 15 credits in Summer School.
- Students who received a D or F in English, Math or PE Core must make up the grade in Summer School in a 4-day week Face-to-Face Class.
- Students may take a maximum of 1 year of PE Elective for original credit during the Summer before their Junior or Senior year.
- Students may take only 1 year of Social Science for original credit in Summer School.
- Students can make up a grade of D or F only. Grades of C or above may not be repeated in Summer School.

Transcript Information

- Transcript Information Class Rank: (Ranked after 7th Semester): This is an optional field on the student transcript that may be included/excluded for college applications based upon student/parent preferences. The Governing Board acknowledges the usefulness of and authorizes a system of computing grade point averages and class ranking. The objectives are to: (1) provide information for school and district awards, and (2) provide employers and institutions of higher learning a predictive device so students are placed in the appropriate environment conducive to success. The Governing Board recognizes the value of curricular subjects and wishes to honor many students for their academic success. Therefore, class rank shall be computed by the grades earned in Board-approved courses.
- A student's grade point average and both a non-weighted and weighted class rank (OPTIONAL) shall be entered on the student record and shall be subject to the Governing Board's policy on release of student records. The weighted class rank is provided as a service to assist students in college admission, but is not used within the CUSD system to identify Valedictorian or Salutatorian status. A weighted class rank may be used by individual high school sites to identify students for special awards of distinction.
- Computing Grade Point Average: A student receives five semester credits or units for each class during a semester in which a passing grade (A, B, C, D, P) is earned. No credit is awarded at the six-week or twelve-week report cards. Grades at those times are progress reports to the student and parent. The cumulative grade point average is computed by awarding grade points (A=4, B=3, C=2, D=1, F=0) for all classes with the exception that the scale (A=5, B=4, C=3, D=1) is used for classes that the District submits to the University of California for the awarding of an extra grade point (Advanced Placement courses). The class rank for graduating seniors is based upon the cumulative grade point average for seven semesters.
- Parchment & Career Cruising: Through Parchment and Career Cruising, CUSD students now have the ability to request their transcripts be sent electronically. Check with your high school Counselor or Registrar for the procedure.

Withdraw Fail (WF)

A student may initiate the dropping of a class, without penalty, until the end of the fourth week of each semester. After that date, withdrawal may result in a "WF" grade on the student's transcript that will be computed in their overall GPA, as an F.

COUNSELING CENTER RESOURCES

Counselors provide a wide-array of services for their students. Please contact your school's Counseling Center for information about any of the following:

- Academic Guidance & Registration
- Career Cruising/Career Exploration
- Standardized Testing Information
- Scholarships/Financial Aid
- College Application Assistance
- Post-Secondary Exploration
- Social/Emotional Support

ART - PERFORMING ARTS

DANCE

Band / Colorguard AB

Course # 88220

Grades: 9-12
Duration: Year Course
Prerequisite: Audition
Location: BHS, CHS, CEHS, CNHS, CWHS

Dance Colorguard AB exposes students to skills in a wide variety of dance areas such as ballet, jazz, and modern, as well as teaches students to coordinate body movement through dance with the manipulation of specialized equipment. Daily emphasis is placed on stretching, flexibility, and strength conditioning warm-ups to improve dance skills and enhance coordination, grace, and balance.

Dance 1 AB (P)

Course # 11307

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Students must have completed 10 units of Core A and 10 units of Core B Physical Education Program to meet graduation requirements
Location: BHS, CHS, CEHS, CNHS, CWHS

This is an elective within the Physical Education and Performing Arts Departments. It is designed to develop basic technique, confidence in expression, and build an appreciation for a wide variety of dance forms (i.e. jazz, modern, ballet, musical theater, social, etc...)

Dance 2 AB (P)

Course # 11308

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Dance 1 AB or permission of instructor; a "C" average in PE and must have completed 10 units of Core A and 10 units of Core B Physical Education Program to meet graduation requirements
Location: CHS, CEHS, CNHS

This is an elective within the Physical Education and Performing Arts Department. It is designed for the continuing student, who has completed Dance 1 AB (or enter with permission of instructor based on strong dance background, desires more in-depth knowledge of dance.) There will be a strong emphasis on the elements of choreography, presentation, and critical analysis.

Dance Repertory AB (P)

Course # 11309

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Audition by instructor; A/B average in PE and must have completed 10 units of Core A and Core B Physical Education to meet graduation requirements
Location: CHS, CEHS

This is an elective within the Physical Education and Performing Arts Department. It is designed to work at an advanced level to build upon and refine techniques, styles, and their overall knowledge regarding the art and heritage of dance. There will be a strong emphasis on performance, touring, and college and career opportunities.

Folklorico Dance I AB (P)

Course # 88202

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None for Performing Arts Credit. Students must have completed 10 units of Core A, and 10 units of Core B Physical Education Program to meet graduation requirements
Location: CHS, CEHS, CWHS

This is an elective within the Physical Education and Performing Arts department. This course is designed to expose students' to the history and Mexican culture, through music and dance. The class introduces students to the basic skills necessary to learn Mexican Folklorico dance. Students will learn basic performing skills. Instruction will be provided in the aesthetic, cultural, and historical dimensions of Mexican folkloric dance tradition. Each year a specific repertoire of dances from various regions of greater Mexico will be taught in preparation for public performances both on and off campus. Folklorico Dance I AB is a beginning level course that builds upon and refines technique, styles, and students overall knowledge regarding the production, art and heritage of Folklorico dance. There will be a strong emphasis on student directed lecture/demonstrations, performances, and touring.

Folklorico Dance II AB (P)

Course # 88203

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None for Performing Arts Credit. Students must have completed 10 units of Core A, and 10 units of Core B Physical Education Program to meet graduation requirements
Location: CHS, CEHS, CWHS

This is an elective within the Physical Education and Performing Arts departments. This course will continue to develop students' knowledge of the history and Mexican culture, through music and dance. Students will be exposed to intermediate skills necessary to learn Mexican Folklorico dance. Instruction in the aesthetic, cultural, and historical dimensions of Mexican folkloric dance tradition will be emphasized. A specific repertoire of dances from Mexico will be taught. Folklorico Dance II AB builds upon and refines technique, styles, and overall knowledge regarding the production, art and heritage of Folklorico dance. There will be a strong emphasis on student directed lecture/demonstrations, performances, and touring. College/career opportunities will be explored.

Folklorico Dance III AB (P)

Course # 88204

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Audition by instructor. Students must have completed 10 units of Core A, and 10 units of Core B Physical Education Program to meet graduation requirements
Location: CHS, CEHS, CWHS

This is an elective within the Physical Education and Performing Arts departments. This course is designed to expand students' knowledge of the history and Mexican culture, through its music and dance. Students will learn the advanced skills necessary to learn Mexican Folklorico dance. Students will learn advanced performing skills emphasizing aesthetic, cultural, and historical dimensions of Mexican folkloric dance tradition. A specific repertoire of dances will be taught to prepare students for community performances. Folklorico Dance III AB builds upon and refines technique, styles, and overall knowledge regarding the production, art and heritage of Folklorico dance. There will be a strong emphasis on student directed lecture/demonstrations, performances, and touring. College/career opportunities will be explored.

INSTRUMENTAL

Certain elective music courses include a prerequisite to participate in Marching Band as a co-curricular event. While each student's grade is determined solely by their merit in the curricular class, participation in the co-curricular program is required to remain in these particular elective courses. Please see the lead music director or counselor at your site for more information.

Advanced Band AB (P)

Course # 88302

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: *Beginning Band AB, audition. Concurrent enrollment in P.E. Band and/or Colorguard A first semester*
Location: BHS, CHS, CEHS, CWHS, CNHS

This is the Advanced Band that continues the instrumental music curriculum. Standards of individual instrument performance and coordination with other musicians are improved. Performance and after school rehearsals are required.

Advanced Orchestra AB (P)

Course # 88304

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: *Beginning Orchestra AB or audition*
Location: BHS, CHS, CEHS, CWHS, CNHS

This is the Advanced Orchestra that continues the instructional and performance goals of the orchestra program. Performances for contests, concerts, and community events are required.

AP Music Theory AB (HP)

Course # 88320

Meets UC A-G "F" Requirement – UC Honors Course

Grades: 10-12
Duration: Year Course
Prerequisite: *Ability to read Music. Adequate proficiency on musical instrument and/or voice. Entrance evaluation required*
Location: BHS, CEHS, CWHS

The complete study of Music Theory as it reflects the general outline of a first year college Music Theory course. The study of Music Theory will focus on a student's ability to recognize, understand and describe the basic processes of music that are either heard or seen in written form in a score.

Beginning Band AB (P)

Course # 88306

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: *Concurrent enrollment in P.E. Band and/or Colorguard A first semester, audition*
Location: BHS, CHS, CEHS, CNHS, CWHS

This is the Beginning Band that introduces students to brass, woodwinds, or percussion instruments. Basic music theory, history, and selected literature are covered. Performances and after school rehearsals are required.

Beginning Orchestra AB (P)

Course # 88307

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: *Audition, permission of instructor*
Location: BHS, CHS, CEHS, CWHS, CNHS

This is the Beginning Orchestra that introduces students to the fundamentals of ensemble orchestra playing. Basic music theory, history, cultural relationships, and selected literature are covered. Performances for contests, concerts, and community events are required.

Beginning Piano / Keyboard A

Course # 88010

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS

This is a first year course in learning to play the piano. It is designed for students with no musical background as well as for those with prior experience in other areas such as vocal or instrumental music. Students will learn to read music, develop keyboard technique, and learn to play and accompany by ear.

Honors Advanced Band AB (P)

Course # 88024

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Advanced Band and/or audition
Location: BHS, CHS, CEHS, CNHS

Honors Advanced Band continues the instrumental curriculum as a college preparatory course of study standards of individual instrument technique and coordination with other instruments are at the highest level. Advanced music theory, history, cultural relationships, and selected literature are covered. Performances and after school rehearsals are required. Participation in the preparation of Honor Group Material, Solos, and Ensembles are required.

Honors Advanced Jazz Band AB

Course # 88037

Grades: 9-12
Duration: Year Course
Prerequisite: Advanced Band and/or audition
Location: BHS, CHS, CEHS, CNHS

Honors Advanced Jazz Band continues the jazz curriculum as a college preparatory course of study. Standards of individual jazz techniques and coordination with other instruments are at the highest level. Advanced jazz theory, history, cultural relationships, and selected literature are covered. Performances and after school rehearsals are required. Participation in the preparation of Honor Jazz Group Material, Solos, and Combos are required.

Intermediate Band AB (P)

Course # 88325

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Concurrent enrollment in P.E. Band and/or ColorGuard A first semester; Audition
Location: BHS, CHS, CEHS, CNHS

This is the Intermediate Band that continues the instrumental music curriculum. Performances include participation in marching band, concert band, and basketball band. Standards of individual instrument performances and coordination with other instruments are improved. Performances and after school rehearsals are required. Homework will include practice preparation.

Jazz Band AB (P)

Course # 88313

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Concurrent enrollment in band/orchestra course, audition
Location: BHS, CHS, CEHS, CNHS, CWHS

Jazz Band AB is an instrumental music ensemble. Students will study advanced jazz techniques, performance practices and style, and form as it relates to various idioms of selected jazz music. This ensemble will present a number of performances for the general public. Homework will include practice preparation.

Marimba Band AB

Course # 88214

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of instructor
Location: CHS

Marimba Band AB is designed to explore various types of Mexican music and Latin influenced music. Students learn about musical arrangements, blending of sounds, musical interpretation, and develop skills necessary for performance situations.

THEATER ARTS

Drama 1AB (P)

Course # 88323

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS

Drama 1AB is an introductory course designed to develop basic acting skills while providing the student with a background in theatre arts. Students in this class will perform memorized scenes from published plays and develop their own improvised scenes. Historical perspective and analysis will also be covered and students will learn to analyze and assess the aesthetic and technical properties of their own work as well as recognized artists.

Drama 2AB (P)

Course # 88311

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Drama 1 AB with "B" or higher, or permission of instructor
Location: BHS, CHS, CEHS, CWHS, CNHS

Drama 2AB is an intermediate level course designed to build upon skills learned in Drama 1AB. Emphasis will be placed on more advanced acting techniques such as acting styles, monologues, and character development. Work will also include non-acting skills such as playwriting, play analysis and elements of design.

Drama 2 Technical Theater Arts AB (P)

Course # 88F02

Meets UC A-G "F" Requirement

Grades: 10-11
Duration: Year Course
Prerequisite: Drama 1 AB with "B" or higher, or permission of instructor
Location: BHS, CHS, CNHS, CWHS

The student will study and apply the principles of group dynamics and collaboration during the pre-production through post production process of Theatrical Production. This course provides instruction in implementation of theatrical designs for Sets, Lights, Sound, Properties, Costumes, and Make-up. Students also study the historical development of technical theater from the Greeks through Modern Theater and analytical and close reading techniques necessary to interpret dramatic literature to identify themes and visual elements inherent in the text.

Drama 3AB (P)

Course # 88312

Meets UC A-G "F" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Drama 2 AB with "B" or higher, or permission of instructor
Drama 3AB is an advanced class, including directing and design
Location: BHS, CHS, CEHS, CWHS, CNHS

Drama 3AB is an advanced class, including directing and design.

Drama 3 Technical Theater AB

Course # 88F03

Grades: 11-12
Duration: Year course
Prerequisite: A grade of B or higher in Drama 2 Technical Theater Arts or 80% or higher on an entrance exam
Location: CNHS

Drama 3 Technical Theater teaches the process of script analysis for design, development of a design concept & statement, steps to creating the design documents from rendering to cost breakdown, collaborative skills, and team management. This course is for those students who are interested in becoming designers and team leaders within the Technical Theater Arts world. Creation of design portfolio, model and mock-up process, and how to work with and lead teams of your peers are all included in this class. You will be invited to participate in Technical Theater competitions.

Drama 4AB (P)

Course # 88314

Meets UC A-G "F" Requirement

Grade: 12
Duration: Year Course
Prerequisite: Drama 3 AB (P) with "B" or higher or permission of instructor
Location: BHS, CHS, CEHS, CNHS, CWHS

Drama 4 AB will involve advanced work in acting, building on the skills and techniques developed in previous course work, and will encourage the development of effective creative expression and leadership ability in Theatre Arts. Areas of study may include advanced work in characterization, motivation, character analysis, stage movement and gestures, and use of body and voice in theatrical production.

Stagecraft AB

Course # 88017

Grades: 10-11-12
Duration: Year Course
Prerequisite: Permission of instructor and passing safety test
Location: CEHS, CNHS

Stagecraft AB will focus on basic skills of theater stagecraft through involvement in the preparation for, and production of plays. Students will be expected to help construct and paint scenery and props, design and operate lighting and sound equipment. Some after school and evening rehearsals may be scheduled.

The Art of Music Production and Engineering (P)

Course # 77F07

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: None
Location: BHS

This course is designed to introduce students to the techniques, background, art, and science of digital audio recording. Through the use of individual project-based assignments and group hands-on instruction students will gain experience in computer-based studio recording, live recording, sound reinforcement, and audio production elements such as mixing, editing, and mastering. Additionally, students will be continually exposed to a variety of musical styles, genres, and cultures, as well as listening techniques such as balance, blend, and intonation in order to gain an appreciation for varied musical art forms and to develop a discerning ear. Other topics include foundational music theory, the physics of acoustics, and exposure to and mastery of musical, aesthetic, and technical terminology. Students who successfully complete this course will be prepared to enroll in Advanced Placement Music Theory and become qualified to pass the Pro Tools 101 Exam, the first step towards Pro Tools certification.

Theater Production AB (ROP)

Course # R9073

(Refer to CTE Performing Arts Pathway

VOCAL PERFORMANCE

Chamber Singers AB (P)

Course # 88308

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Concurrent enrollment in another choral class; permission of instructor
Location: BHS, CHS, CEHS, CNHS, CWHS

Chamber Singers AB is offered for students with exceptional talent and musical ability. Their performance skills are further developed in a highly select group that serves as school representative to various community groups.

Concert Choir AB (P)

Course # 88309

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Prior choral class; audition and permission of instructor
Location: BHS, CHS, CEHS, CWHS, CNHS

Concert Choir AB is for the highly motivated and musically talented student. The ensemble is capable of performing at the highest level of proficiency. Students will show continuous evidence of ability to utilize independent study and practice. Rehearsal and public performance, both in and out of school time, are considered part of this course. This will be the representative choral performing group for the individual school.

Mixed Choir 1AB (P)

Course # 88326

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of instructor
Location: BHS, CEHS, CNEH, CWHS

Mixed Choir 1 AB is an entry level vocal group for boys and girls at the high school. It is a training choir which will prepare students for advancement to other performing groups at the school. Performance opportunities will be provided at the discretion of the instructor.

Soprano / Alto Choir AB (P)

Course # 88318

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of instructor
Location: BHS, CHS, CEHS, CNHS, CWHS

Soprano/Alto Choir AB is a progressive course designed to provide soprano/alto voices with the opportunity to sing choral music. Special attention is given to the fundamentals of voice production, basic fundamentals of music, and the development of musicianship in ensemble singing. It will stress rehearsal procedures, attitudes, song literature, general musical knowledge and performance in school and community concerts.

Soprano / Alto Ensemble AB (P)

Course # 88319

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: One year in Soprano/Alto Choir AB. Permission of instructor
Location: CHS, CEHS, CNHS, CWHS

Soprano/Alto Chorale AB is a study of choral literature for the soprano/alto voice emphasizing techniques which lead to the development of musicianship in ensemble singing. Continued emphasis will be placed on basic music fundamentals, sight-singing, rehearsal procedures, general musical knowledge, and performance in school and community concerts.

Tenor / Bass Choir AB (P)

Course # 88316

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of instructor
Location: CHS, CEHS, CNHS, CWHS

Tenor/Bass Choir AB is a progressive course designed to provide tenor/bass voices with the opportunity to sing choral music. Special attention is given to the fundamentals of voice production, basic fundamentals of music and the development of musicianship in ensemble singing. It will stress rehearsal procedures, attitudes, song literature, general musical knowledge and performance in school and community concerts.

Vocal Ensemble 1AB (P)

Course # 88333

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of instructor
Location: CHS, CEHS, CWHS

An entry level progressive group for boys and girls at the high school to sing choral music. Special attention is given to the fundamentals of voice production, basic fundamentals of music and the development of musicianship in ensemble singing. It will stress rehearsal procedures, attitudes, song literature, general musical knowledge and performance in concerts.

Vocal Ensemble 2AB (P)

Course # 88334

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Permission of instructor, Vocal Ensemble 1 AB
Location: CHS, CEHS, CWHS

A progressive group for boys and girls at the high school to sing choral music. Special attention is given to the fundamentals of voice production, basic fundamentals of music and the development of musicianship in ensemble singing. It will stress rehearsal procedures, attitudes, song literature, general musical knowledge and performance in concerts.

Vocal Ensemble 3AB (P)

Course # 88335

Meets UC A-G "F" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Permission of instructor, Vocal Ensemble 2 AB
Location: CHS, CEHS, CWHS

A progressive group for boys and girls at the high school to sing choral music. Special attention is given to the fundamentals of voice production, basic fundamentals of music and the development of musicianship in ensemble singing. It will stress rehearsal procedures, attitudes, song literature, general musical knowledge and performance in concerts.

Vocal Ensemble 4AB (P)

Course # 88336

Meets UC A-G "F" Requirement

Grade: 12
Duration: Year Course
Prerequisite: Permission of instructor, Vocal Ensemble 3 AB
Location: CHS, CEHS

A progressive group for boys and girls at the high school to sing choral music. Special attention is given to the fundamentals of voice production, basic fundamentals of music and the development of musicianship in ensemble singing. It will stress rehearsal procedures, attitudes, song literature, general musical knowledge and performance in concerts.

ART - VISUAL ARTS

Advanced Floral Design (P)

Course # 33F01.CTE

(Refer to CTE Plant & Soil Science Pathway)

Advanced Two-Dimensional Art AB

COURSE # 78003

Grades: 10-12
Duration: Year Course
Prerequisite: Art 3AB and/or permission of instructor
Location: CEHS, BHS

The required course content will include career search activities, drawing, identification of appropriate colleges and/or Art institutes, and specialized portfolio development. Self-critiquing will be an integral part of the process. Students will be required to exhibit their work and provide an accompanying statement describing the content and objectives of the work as well as any historical references and influences. This course gives the serious Art student a chance to use Art knowledge previously learned, and to develop a personalized style.

Advanced Three-Dimensional Art Studies (P)

Course # 78308

Meets UC A-G "F" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Ceramics 3AB and teacher approval.
Location: CWHS

This course provides students with the opportunity to take responsibility for their individual artistic, educational and developmental needs. Required course components will include career search activities, identification of appropriate colleges and/or Art institutes, and specialized portfolio development. Students will be required to exhibit their work and provide accompanying essay describing content and objectives of the work to include historical, Artistic references and influences. This course is for serious Art students only.

Animation 1 AB

Course # 78220

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: COS, GHS

Students will learn story development, story boarding, dramatic aspects of animation, drawing, directing, layout, set design, character design. Other aspects may include; motion control, miniaturization, basic sound synchronization, lighting techniques, introduction to computer graphics, camera operation, and drawing.

AP Art History AB (HP)

Course # 88F05

Meets UC A-G "F" Requirement – UC Honors Course

Grades: 10-12
Duration: Year Course
Prerequisite: Honors English 9 and Geography.
Location: CWHS, CHS

AP Art History AB is intended for the highly motivated student interested in the serious study of Art. College credits may be earned through passage of Advanced Placement test with a "3" or higher score.

AP Studio Art 3-D Design AB (HP)

Course # 78301

Meets UC A-G "F" Requirement – UC Honors Course

Grades: 11-12
Duration: Course offered dependent on enrollment.
Prerequisite: Successful completion of any 2AB or 3AB Fine Art course and permission of instructor.
Location: CWHS

AP Studio Art Design AB is intended for the highly motivated student interested in the serious study of Art. College credits may be earned through passage of Advanced Placement test with a "3" or higher score.

AP Studio Art Drawing AB (HP)

Course # 77F04

Meets UC A-G "F" Requirement – UC Honors Course

Grades: 11-12
Duration: Course offered dependent on enrollment.
Prerequisite: Successful completion of any 2AB or 3AB Fine Art course and permission of instructor.
Location: BHS, CEHS, CWHSd

AP Studio Art Drawing AB is intended for the highly motivated student interested in the serious study of Art. College credits may be earned through passage of Advanced Placement test with a "3" or higher score.

Art 1AB (P)

Course # 78302

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E

Art 1AB is an introductory Art course with emphasis upon drawing and painting. Students learn drawing and painting skills using pencil, pen, and ink, as well as water colors and tempera, elements of Art and principles of design. The elements of Art are introduced in 2-dimensional design. Historical and cultural influences in Art are also discussed and students will assess the aesthetic and technical properties of Art.

Art 2AB (P)

Course # 78303

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Art 1AB with a grade of "B" or better and/or permission of instructor
Location: BHS, CHS, CEHS, CNHS, CWHS

Art 2AB introduces drawing as an expressive and creative media. Emphasis is placed upon learning the necessary skills and techniques to create representational as well as expressive drawings of still life, portraits, and the human figure. Historical perspective and analysis will also be covered, and students will learn to analyze and assess the aesthetic and technical properties of their own compositions and those of recognized artists.

Art 3AB (P)

Course # 78304

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Art 2AB with a grade of "B" or better and/or permission of instructor
Location: BHS, CEHS, CHS, CNHS, CWHS

This is designed for students who wish to become more proficient in the use of paint as an expressive and creative medium. The student's ability to use color, line, space, form, and texture will be emphasized. Water color and acrylic paint are used as media. Historical perspective will be covered, and students will learn to analyze and assess aesthetic and technical properties of compositions.

The Art and History of Floral Design AB (P)

Course # 77505.CTE

(Refer to CTE Plant & Soil Science Pathway)

Art History AB (P)

Course # 78004

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: None
Location: COS

This course will provide a broad overview of the history of Art, beginning with prehistoric Art and ending with contemporary Art. European Art and material from areas outside the European tradition, such as sub-Saharan Africa, India, China, Japan, and the pre-Columbian Americas will be covered. The course is intended to provide students a familiarity with the development of Art, its major movements and figures, its relationship to the historical and cultural context in which it was created.

Beginning Broadcasting AB (P)

Course # 77F06

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Good Citizenship and Attendance
Location: CNHS

Throughout this course students will be utilizing critical thinking and interpersonal skills to develop and produce video based projects for distribution to relevant media outlets. Supporting school wide goals and experiences, Beginning Broadcasting will document, edit, and distribute footage through industry standards, techniques and equipment including, but not limited to, video and sound equipment, lighting, and editing software. Completion of this course will provide students with an invaluable introduction to the challenging and rewarding broadcasting industry, and develop skills that will serve them for a lifetime.

Ceramics 1AB (P)

Course # 78306

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CNHS, CWHS, CEHS, GHS

This course provides the beginning foundation in the basic techniques for creative ceramic making. The class covers the three main areas of ceramics: hand building, throwing on the potter's wheel, and sculpture. Emphasis is placed upon functional as well as aesthetic design, good craftsmanship, development of skills, and exploration of cultural and historical influences.

Ceramics 2AB (P)

Course # 78307

Meets UC A-G "F" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Ceramics 1AB with a grade of "B" or better and/or permission of instructor
Location: BHS, CHS, CNHS, CWHS, CEHS

This course emphasizes the design of pottery, its function, form, and proportion. Advanced hand-built and throwing, as well as decoration, glazing techniques, and sculpture are covered. Students will study historical and contemporary examples of works and create original pieces based on research.

Ceramics 3AB (P)

Course # 78360

Meets UC A-G "F" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Ceramics 2AB with a grade of "B" or better, and/or permission of instructor.
Location: BHS, CNHS, CWHS

Students will apply advanced skills learned in Ceramics 2AB to focus on developing their proficiency in the use of clay as an expressive and creative medium. The elements and principles of design and self-expression will be emphasized. Students will use historical and cultural influences to help them discern aesthetics from comparisons. Students will also apply practical Potter's Studio experience while learning how to run kilns, make molds, and formulate glazes.

Digital Film Making (P)

Course # 77F08.CTE

(Refer to CTE Production and Managerial Arts Pathway)

General Art AB

Course # 78001

Grades: 9-12
Duration: Year Course
Prerequisite: None.
Location: COS, E, GHS

General Art AB is designed to give the individual student an opportunity to explore a wide range of Art materials and media with great emphasis on functional as well as aesthetic designs, good craftsmanship, and developmental skills.

Introduction to Digital Photography AB (P)

Course # 77F09.CTE

(Refer to CTE Design, Visual, & Media Arts Pathway)

Multi-Cultural Studio Art 1AB (P)

Course # 78320

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None, Art 1 is recommended.
Location: BHS, CW

Multi-Cultural Art encourages students to explore numerous cultures and their customs through examples of Artwork. Students will use historical and contemporary influences to create original Art pieces based on their research. This course is designed for the student who would like to explore both two and three dimensions in their Artwork.

Multimedia Communication (P)

Course # R7F01

(Refer to CTE Production and Managerial Arts Pathway)

Photography 1AB (P)

Course # 78311

Meets UC A-G "F" Requirement

Grades: 10-12 (9-12 at CNHS)
Duration: Year Course
Prerequisite: Access to student owned camera is preferred, but not required.
Location: BHS, CEHS, CHS, CNHS, CWHS

This course covers the basic skills for successful camera operation as well as black/white darkroom techniques. Students will be introduced to digital cameras and computer manipulation of images. The course topics stress the technical and aesthetic fundamentals of quality image-making and the historical development and influence of the medium.

Photography 2AB (P)

Course # 78312

Meets UC A-G "F" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Photo 1AB with grade of "B" or better and/or permission of instructor; Access to student owned camera is preferred, but not required.
Location: BHS, CEHS, CHS, CNHS

This course covers advanced topics in black/white photography, including skill development with special equipment in taking and processing photos, elements and principles of design as they apply to expressive possibilities, historical perspective, and analysis. Students will experience some digital photo applications for image editing, with practical techniques in correcting, enhancing, and manipulating images. Students will learn to analyze and assess the aesthetic and technical properties of their own compositions and those of recognized photographers or studio work.

Photography 3AB (P)

Course # 77F01

Meets UC A-G "F" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Art 1AB; Photo 2AB with grade of "B" or better and/or permission of instructor. Access to student owned camera is preferred, but not required.
Location: BHS, CHS

This is an advanced course in black & white and also colored photography. Lectures will cover advanced tools of photography, technical skills and will also deal with image content related to creative composition. The course will include assigned written essays, oral presentations, critiques and photo history, with emphasis on the study of masters and contemporary Artists. Laboratory activities will include using a roll film camera, digital camera, developing film, printing techniques, and completing high quality prints for exhibition.

Sculpture / Three Dimensional Design 1AB (P)

Course # 77F03

Meets UC A-G "F" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, GHS

This course introduces and explores a variety of sculptural concepts, techniques and processes. Emphasis is on the development of an understanding of three dimensional Art making through the use of various media and methods. Drawing will be used to help each student better visual perception of objects and to understand the basic elements of Art and principles of design. Students will learn to appreciate Art and its historical and cultural role in our past and present world. A variety of sculpting, painting, printmaking, carving, molding and large-scale sculptural forms will be completed throughout the year.

Sculpture / Three Dimensional Design 2 AB

Course # 78310

Grades: 10-12
Duration: Year Course
Prerequisite: Three Dimensional Design 1AB with a grade of "B" or better, and/or permission of instructor.
Location: BHS, CEHS, GHS

Students will apply advanced skills learned in 3-D 1AB to make sculptural forms using different types of mediums such as clay, plaster of paris, wood, plastic, and different types of metals. Art History, elements of design, and cultural influences will be taught to help the students develop their own Art work.

Videography Animation & Multi Media (P) (ROP)

Course # R7301

(Refer to CTE Production and Managerial Arts Pathway)

Videography I AB (P)

Course # 77G01

Meets UC A-G "F" Requirement

Grades: 9-10
Duration: Year Course
Prerequisite: Good citizenship and attendance
Location: BHS, CNHS

Videography I is an introductory class that emphasizes and develops critical thinking skills by exploring the influence of design principles, historically significant Art forms from various genres, and the production process of films and television programming. Students will analyze a variety of film and television programming as they learn to critique Artists' work. Students will learn to use the technology available to produce and edit various forms of multimedia communications, including video cameras, lights, sound equipment, and industry-standard computer software. Communication and interpersonal skills, problem solving, and safety are emphasized throughout the curriculum.

ENGLISH

AP English Language and Composition AB (HP)

Course # 22505

Meets UC A-G “B” Requirement – UC Honors Course

Grades: 9-12
Duration: Year Course
Prerequisite: SBAC met or exceeded standard
Location: BHS, CEHS, CHS, CWHS, CNHS, COS

AP Composition AB (HP) covers a syllabus equivalent to entry level college composition and necessary for students to pass the College Board exam in May for college placement and/or credit. Topics include diction and language analysis, forms of discourse, and refinement of rhetorical style.

AP English Literature and Composition AB (HP)

Course # 22506

Meets UC A-G “B” Requirement – UC Honors Course

Grades: 12 (Grade 11 Only @ BHS)
Duration: Year Course
Prerequisite: SBAC met or exceeded standard
Location: BHS, CEHS, CHS, CWHS, CNHS, COS

AP Literature AB (HP) covers a syllabus necessary for students to pass the College Board exam in May for college placement and/or credit. Topics include in-depth literary analysis, diction and language style analysis, forms of discourse, and refinement of rhetorical style.

Bible as Literature A (P)

Course # 22522

Meets UC A-G “B” Requirement

Grade: 12
Duration: Semester Course, backed with Contemporary Issues in Literature A
Prerequisite: None
Location: BHS, CNHS, CHS

Bible as Literature A covers selected stories from the Old and New Testaments. This course focuses on analysis of the biblical stories from a literary standpoint, analysis of themes that have influenced Western Civilization since the time of Moses, and analysis of the authors. Literature-based writing assignments refine writing skills.

College Composition & American Literature AB (P)

Course # 22502

Meets UC A-G “B” Requirement

Grade: 11-12
Duration: Year Course
Location: CHS, CWHS

College Composition & American Literature AB (P) provides a strong background in reading and writing for the college-bound student. The course emphasizes the composing process in expository writing and research papers in connection with the study of the development of American ideals and values as they appear in American literature. Critical thinking, analytical skills, reading comprehension, vocabulary development, and expression are highlighted.

Contemporary Issues in Education (HP)

Course # 22B11.CTE

(Refer to CTE Education Pathway)

Contemporary Issues in Literature A (P)

Course # 22520

Meets UC A-G “B” Requirement

Grade: 12
Duration: Semester Course
Prerequisite: None
Location: BHS, CHS, CNHS

Contemporary Issues in Literature A (P) encourages students to make connections between literature and contemporary issues. This course focuses on discussion, debate, expository writing, and teaching students to think through issues in order to support their views.

CSU Expository Reading and Writing Course AB (P)

Course # 22B02

Meets UC A-G "B" Requirement

Grade: 12
Duration: Year Course
Prerequisite: English 9, English 10, and English 11 or equivalent if taken in Grade 12.
Location: BHS, CHS, CNHS, CWHS, CEHS, GHS, E, CCDS, COS

CSU Expository Reading and Writing Course (P) prepares college-bound seniors for the literacy demands of higher education. Through a sequence of fourteen rigorous instructional modules, students in this yearlong, rhetoric-based course develop advanced proficiency in expository, analytical, and argumentative reading and writing.

English 9 AB (P)

Course # 22515

Meets UC A-G "B" Requirement

Grade: 9
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CNHS, COS, CWHS, CEHS, GHS, E, CCDS

English 9 AB (P) covers literary analysis, vocabulary development, critical thinking skills, research skills and interpretation of functional workplace documents. The writing process and language skills are emphasized.

English 9 Honors AB (P)

Course # 22516

Meets UC A-G "B" Requirement

Grade: 9
Duration: Year Course
Prerequisite: Permission of instructor and/or exam
Location: BHS, CEHS, CHS, CNHS, CWHS

English 9 Honors AB (P) meets the needs of accelerated freshmen. This course emphasizes sophisticated levels of literary forms and types, as well as style and structure, and advanced essay writing skills. It focuses on literary analysis, language skills, vocabulary development, critical thinking skills, and research skills.

English 10 AB (P)

Course # 22512

Meets UC A-G "B" Requirement

Grade: 10
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CNHS, CWHS, COS, GHS, E, CCDS

English 10 AB (P) covers literary analysis, vocabulary development, critical thinking skills, research skills and interpretation of functional workplace documents. The writing process and language skills are emphasized.

English 10 Honors AB (HP)

Course # 22517

Meets UC A-G "B" Requirement – UC Honors Course

Grade: 10
Duration: Year Course
Prerequisite: English 9; Honors English 9 recommended
Location: BHS, CEHS, CHS, CNHS, CWHS, COS, GHS, E, CCDS

English 10 Honors AB (HP) meets the needs of accelerated sophomores. This course emphasizes sophisticated literary forms and analysis. It focuses on language skills, vocabulary development, critical thinking skills, the writing process, advanced writing skills, and research skills. It prepares students for AP English classes in grades 11 and 12.

English 11 AB (P)

Course # 22513

Meets UC A-G "B" Requirement

Grade: 11
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CNHS, CWHS, COS, GHS, E, CCDS, CART

English 11 AB (P) emphasizes literary analysis, vocabulary development, critical thinking skills and interpretation of functional workplace documents. It continues the development of composition and literary skills through the study of contemporary fiction and American literature.

English 12 AB (P)

Course # 22514

Meets UC A-G "B" Requirement

Grade: 12
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CNHS, CWHS, COS, GHS, E, CCDS, CART

English 12 AB (P) emphasizes literary analysis, vocabulary development, critical thinking skills and interpretation of functional workplace documents. It continues the development of composition and literary skills through the study of classic, contemporary, and world literature.

English Lab AB

Course # 22021

Grades: 9-12
Duration: Year Course
Prerequisite: Teacher/counselor placement
Location: BHS, CHS, CNHS, CEHS, COS, GHS, E, CCDS

English Lab AB helps students gain mastery of reading and comprehension skills necessary for high school graduation and successful completion of high school course work. Schools may incorporate READ 180 Lab into this offering.

English Seminar AB

Course # 22010

Grades: 9-12
Duration: Year Course
Prerequisite: Teacher/Counselor placement.
Location: CEHS, COS

English Seminar AB provides additional support with English Language Arts. This course supports students by using strategies needed to understand a variety of texts and become better writers.

Experiences in Literature and Composition 1AB

Course # 22016

Grades: 11-12
Duration: Year Course
Prerequisite: Teacher/Counselor placement.
Location: CHS, CWHS, COS, GHS, E

Experiences in Literature and Composition 1AB examines high interest literary works in the form of novels, short stories, essays, and poems. It develops basic and practical writing skills in response to literature and gives individualized instruction that prepares students for successful completion of other courses in their junior and senior years. (The course focuses on students who have struggled academically during their freshman and/or sophomore years or students mainstreamed through the Special Education Department. A special education teacher assists the instructor.

Experiences in Literature and Composition 2AB

Course # 22001

Grade: 12
Duration: Year Course
Prerequisite: Teacher/Counselor placement.
Location: CHS, CWHS, COS, G

Experiences in Literature and Composition 2AB examines high interest multicultural literary works in the form of novels, short stories, essays, and poems. It develops basic and practical writing skills in response to literature and gives individualized instruction that prepares students for successful completion of other courses in their junior and senior years. (The course focuses on students who have struggled academically during their freshman and/or sophomore years or students mainstreamed through the Special Education Department. A special education teacher assists the instructor.

Exploration of Child and Adolescent Literature (HP) Course # 22B10.CTE

(Refer to CTE Education Pathway)

Expository English 12 Honors AB (HP) Course # 22B05.CRT

Meets UC A-G “B” Requirement – UC Honors Course

Grade: 12
Duration: Year Course
Prerequisite: Admission to CART
Location: CART

Expository English 12 Honors includes in-depth expository reading and writing, literary analysis, research, case studies, and technical writing related to students’ specific career focus. Students’ writing will demonstrate sophistication in the use of rhetoric, language, and style, and control of English conventions. Written and oral communication will show evidence of higher-level thinking skills and demonstrate advanced technical skills through the integration of projects: databases, graphics, spreadsheets, and word processed documents. Students will do in-depth research throughout the year in addition to several informal and formal oral presentations both in-class and to the larger public.

Film as Literature AB (P) Course # 22B01

Meets UC A-G “B” Requirement

Grade: 12
Duration: Year Course
Prerequisite: None
Location: GHS, CCDS

Film as Literature (P) examines the relationship between literature and its representation in film. Students study films critically and analytically as both art forms and methods of communication. They identify theme, narrative structure, genre, technical, and artistic factors, as well as the social impact of motion pictures. Students examine how films reflect the culture of the time and shape the attitudes and values of that culture. Students write extensively on all these subjects. The course enhances the analytical and critical thinking skills of students.

Pre AP English AB (P) Course # 22B04

Meets UC A-G “B” Requirement

Grade: 10
Duration: Year Course
Prerequisite: None
Location: CWHS

Pre AP English AB (P*) lays the foundation for the AP English courses in students’ last two years of high school. In this Pre-AP English course, students develop critical analytical skills to read and write from a variety of genres, in preparation for the rigors of the junior and senior English Language Arts Advanced Placement curriculum.

Rhetoric and Composition AB (P)

Course # 22519

Meets UC A-G "B" Requirement

Grade: 12
Duration: Year Course
Prerequisite: English 9, 10, 11
Location: CHS, CEHS, CWHS

Rhetoric and Composition AB (P) is designed for college-bound seniors. Students read and write academic prose effectively and increase their mastery of academic language. This rigorous course is built around in-depth studies of nine rhetorical strategies and the rhetorical analysis and synthesis of a variety of texts, with an emphasis on rigorous nonfiction texts. Essential to the curriculum is the deepening of students' critical reading, writing and thinking skills about both expository and literary prose, with an emphasis on expanding their ability to argue and extend their understanding of complex text. Students examine relationships between an author's thesis or theme and an author's audience and purpose; they analyze the impact of structural and rhetorical strategies and examine the social, political, and philosophical assumptions that underlie the text.

Journalism & Publishing (ROP)

Course # R3004

(Refer to CTE Design, Visual, & Media Arts Pathway)

World Literature & Composition AB (P)

Course # 22523

Meets UC A-G "B" Requirement

Grade: 12
Duration: Year Course
Prerequisite: None
Location: BHS

World Literature & Composition AB (P) explores themes expressed by past and present humanity through the arts. This course takes a humanities approach with literature. The writing process and language skills are incorporated into the curriculum.

ENGLISH LANGUAGE LEARNERS

English Language Development 1 AB

Course # 22044

Grades: 9-12
Duration: Year Course
Prerequisite: Primary language other than English as determined by Home Language Survey and Beginning English Proficiency level as determined by CELDT and subsequent tests.
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E, CCDS

English Language Development 1 AB provides English Language Development for Beginning English Learners. The course develops speaking, listening, reading, and writing skills in English that align with the English Language Development Standards. Use of visuals, hands-on activities, gestures, and concrete activities are part of the everyday classroom. The goal of this course is to advance students from Beginning to Early Intermediate language skills.

English Language Development 2 AB

Course # 22043

Grades: 9-12
Duration: Year Course
Prerequisite: Primary language other than English as determined by Home Language Survey. Early Intermediate English Proficiency level as determined by CELDT and subsequent tests.
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E, CCDS

English Language Development 2 AB provides English Language Development for Early Intermediate English Learners. English Language Development Standards expand the development of speaking, listening, reading, and writing skills in English. The goal of this course is to advance students from Early Intermediate to Intermediate language skills.

English Language Development 3 AB

Course # 22049

Grades: 9-12
Duration: Year Course
Prerequisite: Primary language other than English as determined by Home Language Survey and Intermediate and Early Advanced English Proficiency level as determined by CELDT and subsequent tests.
Location: BHS, CHS, CEHS, CNHS, CWHS, CCDS, GHS, E

English Language Development 3 AB provides English Language Development for Intermediate and Early Advanced English Learners. English Language Development Standards expand the development of speaking, listening, reading, and writing and literacy skills in English. The goal of this course is to transition students from Intermediate and Early Advanced to Advanced language skills.

English Language Development 4 AB

Course # 22024

Grades: 9-12
Duration: Year Course
Prerequisite: Primary language other than English as determined by Home Language Survey and Early Advanced proficiency level as determined by CELDT and subsequent tests.
Location: BHS, CHS, CEHS, CNHS, CWHS, CCDS, GHS, E

English Language Development 4 AB provides English Language Development for Early Advanced English Learners. English Language Development standards expand the development of literacy skills in English. The goal of this course is to advance English Learners and meet criteria for reclassification

HEALTH

Health A

Course # 55007

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E, CCDS, COS

Health is a general introduction course that teaches positive behaviors to ensure a lifetime of wellness. Topics discussed include reproductive health, social-emotional wellness, substance abuse, diseases and disorders, nutrition, life skills, and refusal skills.

Medical Health Careers (P)

Course # 33G17.CTE

(Refer to CTE Patient Care Pathway)

HISTORY / SOCIAL SCIENCE

Agricultural Government AB (P)

Course # 36A02

Meets UC A-G "A" Requirement

Grade: 12
Duration: Semester Course
Prerequisite: U.S History
Location: CEHS

Students will pursue a deeper understanding of the institutions of American Government. In-depth study of the government system in the world today, analyze the life and changing interpretations of the Constitution, Bill of Rights and the current state of the legislative, executive and judiciary branches of government.

American Government A (P)

Course # 66401

Meets UC A-G "A" Requirement

Grade: 12
Duration: Semester Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, GHS, E, CCDS, CART

This semester class covers America's political foundations; political parties, media and special interest groups; three branches of government: legislative, executive and judicial and their influence on society.

American Government (IND)

Course #66001

Grade: 12
Duration: Semester Course
Prerequisite: None
Location: CCDS

This semester class covers America's political foundations; political parties, media and special interest groups; three branches of government: legislative, executive and judicial and their influence on society. The course is the culmination of the civic literacy strand that prepares students to vote, reflect on the responsibilities of citizenship and to participate in community activities. This class does not meet CSU admission requirements.

AP European History AB (HP)

Course # 66903

Meets UC A-G "A" Requirement – UC Honors Course

Grades: 10-12
Duration: Year Course
Prerequisite: Approval from counselor or instructor; students must be above grade level in reading/language
Location: CHS, CEHS

AP European History AB (P) covers the syllabus necessary for students to successfully pass the national AP exam in May for college placement and/or credits. This course covers the events in the Western World from high Renaissance through the 20th Century.

AP Human Geography (HP)

Course # 66G03

Meets UC A-G "A" Requirement – UC Honors Course

Grade: 12
Duration: Year Course
Prerequisite: Approval from counselor or instructor; students must be above grade level in reading/language.
Location: COS CWHS

The AP Human Geography course introduces students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of the earth's surface. Students learn to employ spatial concepts and landscape analysis to examine human socioeconomic organization and its environmental consequences. They also learn about the methods and tools geographers use in their research and applications.

AP Macroeconomics A (HP)

Course # 66G01

Meets UC A-G "G" Requirement – UC Honors Course

Grade: 12
Duration: Semester
Prerequisite: Approval from counselor or instructor; Advanced Math or higher recommended.
Location: BHS, CEHS, CNHS, CWHS

AP Macroeconomics A (HP) covers the syllabus necessary for students to pass the AP Macroeconomics exam in May.

AP Microeconomics A (HP)

Course # 66902

Meets UC A-G "G" Requirement – UC Honors Course

Grade: 12
Duration: Semester
Prerequisite: Approval from counselor or instructor; Math 3 or higher recommended.
Location: CNHS, CWHS

AP Microeconomics A (HP) covers the syllabus necessary for students to pass the AP Microeconomics exam in May.

AP Psychology AB (HP)

Course # 66904

Meets UC A-G "G" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Approval from counselor or teacher.
Location: BHS, CHS, CEHS, CWHS, CNHS, COS

AP Psychology AB (HP) covers the syllabus necessary for students to pass the AP exam in May for college placement and/or credits. The course is designed to introduce students to the systematic and scientific study of the behavior and mental processes of human beings and other animals.

AP U.S. Government / Politics A (HP)

Course # 66404

Meets UC A-G "A" Requirement – UC Honors Course

Grade: 12
Duration: Semester Course
Prerequisite: Approval from counselor or instructor; students must be above grade level in reading/language.
Location: BHS, CHS, CEHS, CNHS, CWHS, COS

AP American Government AB (HP) covers the syllabus necessary for students to pass the AP exam in May.

AP United States History AB (HP)

Course # 66402

Meets UC A-G "A" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Approval of counselor or instructor; students must be above grade level in reading/language.
Location: BHS, CEHS, CHS, CWHS, CNHS, COS

AP American History AB (HP) covers the syllabus necessary for students to pass the AP exam in May.

AP World History AB (HP)

Course # 66013

Meets UC A-G "A" Requirement – UC Honors Course

Grades: 10-12
Duration: Year Course
Prerequisite: Approval of 9th grade English teacher and/or counselor. Student must be above grade level in reading/language.
Location: BHS, CHS, CEHS, CWHS, CNHS, COS

AP World History AB (HP) covers the syllabus for students to successfully pass the national exam in May for college placement and/or credits. This course is designed to develop greater understanding of the evolution of global processes and contacts in interaction with different types of human societies.

Economics A (P)

Course # 66906

Meets UC A-G "G" Requirement

Grade: 12
Duration: Semester Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, GHS, E, CCDS, CART

This course builds upon the fundamental concepts presented in the required social science classes. Topics covered include a study of the free market system, labor force, monetary policy, fiscal policy, and international trade.

Economics A (IND)

Course # 66006

Grade: 12
Duration: Semester Course
Prerequisite: None
Location: CCDS

Economics (IND) builds upon the fundamental concepts presented in the required social science courses. Students learn to reason economically while analyzing the American economy (including the labor markets) and examining globalization. This class does not meet UC/CSU admission requirements.

Psychology A (P)

Course # 66907

Meets UC A-G "G" Requirement

Grades: 10-12
Duration: Semester Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, GHS, E

Psychology A is an introductory course to the study of the individual as a behavioral science. Topics include the biological and social basis of behavior, perception, motivation, intelligence, and personality.

Sociology A (P)

Course # 66912

Meets UC A-G "G" Requirement

Grades: 10-12
Duration: Semester Course
Prerequisite: None
Location: BHS, CEHS, COS, CWHS, CNHS, GHS, E

Sociology A is an introductory course in the study of groups as a behavioral science, including areas of interest and techniques used. Special emphasis is placed on groups that affect lives of the adolescent, the development of values and the adolescent's place in society. The course concludes with a look at the causes and consequences of social problems of interest to the adolescent.

United States History AB (P)

Course # 66408

Meets UC A-G "A" Requirement

Grade: 11
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CNHS, COS, CWHS, GHS, E, CCDS, CART

United States History AB (P) continues to build upon the 20th century chronological development of our country to study major themes that have shaped our country's destiny. The shaping of America's future depends on a better understanding of her past.

United States History AB (IND)

Course # 66008

Grade: 11
Duration: Year Course
Prerequisite: None
Location: CCDS

United States History AB (P) continues to build upon the 20th century chronological development of our country to study major themes that have shaped our country's destiny. The shaping of America's future depends on a better understanding of her past. This class does not meet CSU admission requirements.

World Geography & Cultures A (P)

Course # 66940

Meets UC A-G "A" Requirement

Grade: 9
Duration: Semester Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, GHS, E, CCDS

World Geography and Cultures will explore and discover the processes that shape the earth, the relationships between people, and the environment.

World History AB (P)

Course # 66909

Meets UC A-G "A" Requirement

Grade: 10
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, GHS, E, CCDS

World History AB (P) covers history, geography and economics of selected cultures from both the western world and non-western worlds. Themes include the rise of democracy, the effects of nationalism, revolution and imperialism along with industrialization, militarism and the background of current global conflict. The historical backgrounds of the past will be related to our present world situation.

World History AB (IND)

Course # 66909

Grade: 10
Duration: Year Course
Prerequisite: None
Location: CCDS

World History AB (IND) covers history, geography and economics of selected culture from both the western world and non-western worlds. Themes include the rise of democracy, the effects of nationalism, revolution and imperialism along with industrialization, militarism and the background of current global conflict. The historical backgrounds of the past will be related to our present world situation. This class does not meet CSU/UC admission requirements.

MATHEMATICS

Advanced Algebra AB

Course # 44005

Grade: 12
Duration: Year Course
Prerequisite: Math 2AB (P)
Location: CHS

Advanced Algebra AB is a preparatory course for Math 3AB.

Advanced Mathematics AB (P)

Course # 44601

Meets UC A-G “C” Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Grade of C or higher in Math 3 AB (P)
Location: BHS, CHS, CEHS, CWHS, CNHS, COS, CART

Advanced Mathematics AB (P) provides a formal study of trigonometry and exposure to selected topics which provide a foundation for the first course in calculus. Scientific calculators will be used extensively. Topics include: trigonometry, logarithms, functions and limits.

Advanced Math Analysis AB (HP)

Course # 44609

Meets UC A-G “C” Requirement – UC Honors Course

Grades: 10-11
Duration: Year Course
Prerequisite: Grade of “B” or better in Math 3AB Honors (P) and teacher recommendation. Grade of “A” in Math 3 w/teacher recommendation
Location: BHS, CEHS, CWHS, CHS, COS, CNHS

Advanced Math Analysis AB (HP) provides a formal study of trigonometry, limits, differential calculus, and selected topics which provide a foundation for Calculus BC.

Algebra Topics AB

Course # 44013

Grades: 10-12
Duration: Year Course
Prerequisite: Math 2 or Foundations of Math 2
Location: BHS

This course continues the study of algebra. Topics include equations and inequalities, systems of equations and inequalities, polynomials, exponents, factoring, linear functions, and operations of rational and irrational numbers. All instruction is geared to help students be successful in Math 3 the following year. The course also includes preparation for college math placement tests. Topics covered, length and order of units will be determined by the needs of students enrolled.

AP Calculus AB (HP)

Course # 44606

Meets UC A-G “C” Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Grade of “B” or better in Adv. Math AB, or “C” or better in Math 3 AB Honors, or “C” or better in Advanced Math Analysis AB
Location: BHS, CHS, CEHS, CNHS, CWHS, COS

AP Calculus AB (HP) covers the material necessary for students to successfully pass the Advanced Placement exam in May for college credit. Topics include limits, continuity, derivatives and their applications, methods of integration and their applications.

AP Calculus BC (HP)

Course # 44607

Meets UC A-G "C" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Grade of "C" or better in Math 3 AB Honors or "B" or better in Advanced Math Analysis AB (HP) and teacher recommendation
Location: BHS, CHS, CEHS, CNHS, COS, CWHS

AP Calculus BC (HP) covers the syllabus necessary for students to successfully pass the national or international exam in May for college credit. Topics include: limits, integrals, sequences, series, vectors, parametric equations and differential equations.

AP Computer Science A AB (HP)

Course # 44908

Meets UC A-G "G" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Math 3 with a grade "B" or better
Location: CNHS

This course is an introduction to computer science using Java programming language. Successful completion of this course will prepare students for the AP College board exam in May.

AP Statistics AB (HP)

Course # 44637

Meets UC A-G "C" Requirement – UC Honors Course

Grades: 10-12
Duration: Year Course
Prerequisite: Statistics/Probability with an "A" or Math 3AB (P) with "A" Concurrently taking Advanced Math or AMA with "C" or better
Location: BHS, CHS, CEHS, CNHS, CWHS

AP Statistics AB (HP) covers the syllabus necessary for students to successfully pass the Advanced Placement in May for college credit. This is a highly rigorous course in descriptive statistics, inferential statistics, probability, and experimental design.

Applications of Mathematics AB

Course # 44025

Grades: 11-12
Duration: Year Course
Prerequisite: Passing grade in Foundations of Math 2 or Algebra Topics
Location: COS

This course is designed to develop the ability to solve real world problems in order to become productive citizens and workers in a technological society. Areas of study included are number relationships and operations; patterns and algebra; measurements; and statistics and probability. Problem solving applications will be used to analyze and solve personal finance and business problems in such areas as taxation, savings and investments, payroll records, cash management, financial statements, purchases, sales, inventory records, and depreciation.

Cross-Age Tutoring – Math

Course # 40059

Grades: 11-12
Duration: Year Course
Prerequisite: Math 3AB with a "B" or better. Two letters of recommendation from Math teachers indicating work ethic, attendance record, and reliability
Location: BHS, CHS, CEHS, CWHS, CNHS

Tutors will be placed at either the elementary, intermediate, or high school level. They will work with the teacher to augment instruction. Tutors will assist with remediation, enrichment, and regular instruction.

Differential Calculus AB (P)

Course # 44613

Meets UC A-G "C" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Grade of "C" or better in Advanced Math AB (P) and teacher recommendation
Location: CWHS

Differential Calculus AB (P) is designed for students who need a slower pace in calculus to develop a firm foundation prior to college course work. Topics include limits, continuity, derivatives and their applications, and antiderivatives with application.

Exploring Computer Science (P)

Course # 43G01.CTE

(Refer to CTE Software and Systems Development Pathway)

Foundations of Algebra AB

Course # 44060

Grade: 9
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, E, GHS

Foundations of Algebra is a Math 1 readiness course designed for students to help them master pre-algebraic skills and concepts necessary for Math 1. The course will cover integer rules, number properties, solving equations and inequalities, linear graphs, functions and factoring.

Foundations of Math 2 AB

Course # 44040

Grades: 11-12
Duration: Year Course
Prerequisite: Passing grade in Math 1 (P)
Location: BHS, CHS, CEHS, CWHS, CNHS, COS, E, GHS, CCDS

This course is designed for students who desire to learn the basic concepts of Math 2.

Math 1 AB (P)

Course # 44C01

Meets UC A-G "C" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Fulfilling criteria per CUSD 9th grade math placement policy
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E, CCDS, COS

For the high school Math 1 course, instructional time should focus on six critical areas: 1) extend understanding of numerical manipulation to algebraic manipulation; 2) synthesize understanding of function; 3) deepen and extend understanding of linear relationships; 4) apply linear models to data that exhibit a linear trend; 5) establish criteria for congruence based on rigid motions; and 6) apply the Pythagorean Theorem to the coordinate plane.

Math 2 AB (P)

Course # 44C02

Meets UC A-G "C" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Fulfilling criteria per CUSD 9th grade math placement policy
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E, CCDS, COS

For the high school Math 2 course, instructional time will focus on five critical areas: 1) extend the laws of exponents to rational exponents; 2) compare key characteristics of quadratic functions with those of linear and exponential functions; 3) create and solve equations and inequalities involving linear, exponential, and quadratic expressions; 4) extend work with probability; and 5) establish criteria for similarity of triangles based on dilations and proportional reasoning.

Honors Math 2 AB (P)

Course # 44C03

Meets UC A-G “C” Requirement

Grades: 9-10
Duration: Year Course
Prerequisite: Fulfilling criteria per CUSD 9th grade math placement policy
Location: BHS, CHS, CEHS, CNHS, CWHS, E, CCDS, COS

For the high school Honors Math 2 course, instructional time will focus on five critical areas: 1) extend the laws of exponents to rational exponents; 2) compare key characteristics of quadratic functions with those of linear and exponential functions; 3) create and solve equations and inequalities involving linear, exponential, and quadratic expressions; 4) extend work with probability; and 5) establish criteria for similarity of triangles based on dilations and proportional reasoning. This course includes trigonometry and other addition standards to prepare students for a Calculus Course after Math 3 Honors.

Math 3 AB (P)

Course # 44C04

Meets UC A-G “C” Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: C or better is Math 2AB
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E, CCDS, COS

For the high school Math 3 course, instructional time will focus on the five key areas: 1) deepen and extend understanding of the use of statistics with identifying different ways of collecting data and the conclusions that can be drawn; 2) apply operations to polynomial functions; 3) solve polynomial, rational, radical and trigonometric functions algebraically and graphically; 4) extend work with function families and the effects of transformations on them; and 5) model and solve real world problems that require the use of polynomial, rational, radical and trigonometric functions.

Honors Math 3AB (P)

Course # 44C05

Meets UC A-G “C” Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: C or better in Honors Math 2AB
Location: BHS, CHS, CEHS, CNHS, CWHS, E, CCDS, COS

For the high school Honors Math 3 course, instructional time will focus on the five key areas: 1) deepen and extend understanding of the use of statistics with identifying different ways of collecting data and the conclusions that can be drawn; 2) apply operations to polynomial functions; 3) solve polynomial, rational, radical and trigonometric functions algebraically and graphically 4) extend work with function families and the effects of transformations on them; and 5) model and solve real world problems that require the use of polynomial, rational, radical and trigonometric functions. The course includes the additional standards required to fully prepare students for a Calculus course after Honors Math 3

Math Lab AB

Course # 44014

Grades: 11-12
Duration: Year Course
Prerequisite: None
Location: CHS, CEHS, GHS, E, CCDS, COS

Math Lab AB provides an individualized format for students to satisfy the mathematics graduation requirement. Students work on a continuous progress basis with personal contract.

Math Tutorial AB

Course # 40032

Grades: 9-12
Duration: Year Course
Prerequisite: *Students who are having trouble in Math 1AB or equivalent, or who fail and would benefit from a structured tutorial class. Counselor/teacher recommendation required. Concurrent enrollment in other math course is required.*
Location: BHS, CHS, CEHS, CNHS, GHS, E, CCDS, COS

This course is designed to provide targeted instruction to struggling students concurrently enrolled in a mathematics course required for high school graduation.

Statistics & Probability AB (P)

Course # 44611

Meets UC A-G "C" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: *Grade of C or better in Math 3 AB*
Location: BHS, CHS, CEHS, CWHS, CNHS, COS

Statistics and Probability AB provides college bound students with an introduction to the essential basics of statistical analysis and the theory of probability. This course will include applications to the fields of social science, psychology, education, business and medicine. Topics include: descriptive statistics, measures of central tendency and dispersion, correlation and regression analysis, probabilities of compound events, normal distribution

PHYSICAL EDUCATION

P.E. Adapted AB

Course # 11003

Grades: 9-12
Duration: Year Course
Prerequisite: Must meet qualifying criteria and have an Individualized Education Program specifying an Adapted P.E. program
Location: CHS, CEHS, CNHS, CWHS, E

Adapted P.E. AB provides physical activities selected in accordance to the individual needs and abilities of each student.

P.E. Adapted Peer Tutoring AB

Course # 11035

Grade: 12
Duration: Year Course
Prerequisite: Student must have completed 10 units of P.E. Core A and Core B to meet graduation requirements. Recommendation current P.E. teacher is required. Student must have excellent attendance; have a "C" or better in all academic classes and a "B" or better in P.E. classes, and must have passed Healthy Fitness Standards. Student must be willing to work with students who have special needs or unique challenges.
Location: CEHS, CWHS

P.E. Adapted Peer Tutoring AB offers seniors an opportunity to gain practical experience in teaching by serving as a teaching assistant to the Adapted P.E. Specialist. Tutors will work under the guidance and direction of both the regular P.E. teacher and the Adapted P.E. Specialist to help provide a successful P.E. experience for the Adapted P.E. student.

P.E. Band & Color Guard A

Course # 11005

Grades: 9-12
Duration: 1st Semester - Band/2nd Semester - Core PE
Prerequisite: Students must complete 10 units of Core A and 10 units of Core B Physical Education to meet CUSD graduation requirements. Permission of instructor
Location: BHS, CEHS, CHS, CNHS, CWHS

P.E. Band & Colorguard A allows students to rehearse for competition in addition to meeting requirements of the Core Physical Education program.

P.E. Core AB

Course # 11030(A) # 11301(B)

Grades: 9-10
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS, CCDS, COS, GHS, E

This core curriculum class provides direct instruction on the concepts related to the physiology of exercise, exposes students to a wide variety of sport activities, and prepares students to be informed consumers in physical and recreational activities. Upon the completion of four semesters of Core A and B physical education students are eligible for the physical education elective curriculum.

P.E. Cross Age Tutoring AB

Course # 11019

Grades: 11-12 (Students must provide own transportation)
Duration: Year Course
Prerequisite: Permission of instructor, passing Healthy Fitness Standards, good attendance. Must have completed P.E. Core A & Core B to meet graduation requirement
Location: BHS, CHS, CEHS, CNHS, CWHS

P.E. Cross Age Tutoring AB allows tutors to experience responsibility and dependability through regular preparation and presentation of daily P.E. lessons at elementary schools with first through third grade students. Tutors will gain expertise in understanding and teaching elementary age children and will apply this knowledge through a practical teaching experience.

P.E. Dance 1AB (P)

Course # 11307

Grades: 11-12
Duration: Year Course
Prerequisite: Students must have completed 10 units of Core A and Core B to meet graduation requirements
Location: BHS, CEHS, CNHS, CWHS

This is an elective within the Physical Education and Performing Arts Departments. It is designed to develop basic technique, confidence in expression, and an appreciation for a wide variety of dance forms (i.e. jazz, modern, ballet, musical theater, social, etc...)

P.E. Dance 2AB (P)

Course # 11308

Grades: 11-12
Duration: Year Course
Prerequisite: Dance 1 AB or permission of instructor; a "C" average in PE and must have completed 10 units of Core A and Core B to meet graduation requirements
Location: CEHS, CHS, CNHS

This is an elective within the Physical Education and Performing Arts Department. It is designed for the continuing student who has completed Dance 1 AB (or enter with permission of instructor based on strong dance background, and desire for more in-depth knowledge of dance.) There will be a strong emphasis on the elements of choreography, presentation, and critical analysis.

P.E. Dance Repertory AB (P)

Course # 11309

Grades: 11-12
Duration: Year Course
Prerequisite: Audition by instructor; A/B average in P.E. and must have completed 10 units of Core A and Core B to meet graduation requirements
Location: CHS, CEHS

This is an elective within the Physical Education and Performing Arts Department. It is designed to work at an advanced level to build upon and refine techniques, styles, and their overall knowledge regarding the art and heritage of dance. There will be a strong emphasis on performance, touring, and college and career opportunities.

D.S. Physical Ed AB

Course # 11017

Grades: 11-12
Duration: Year Course
Prerequisites: Core A & B, Must have scored at the Healthy Fitness Zone on the PFA. Meet guide lines/requirement for Directed Study listed in the school P.E. Handbook (Approval of Learning Director or Counselor - See Admin Reg 3207)
Location: CHS, CWHS, BHS, CEHS, CNHS

Directed study allows students to pursue a program of personal fitness conditions of a written contract in order to maintain course enrollment. This class is offered to students with impacted schedules due to Honors/AP courses.

P.E. Lifetime Sports AB

Course # 11027

Grades: 11-12
Duration: Year Course
Prerequisite: Student must have completed ten units of Core A and ten units of Core B. Optional off-campus activities may be offered, depending upon available transportation. Also requires that students received a Grade "B" or better in Core PE and permission of Instructor
Location: BHS, CWHS

Lifetime Sports is an introduction to a wide variety of activities which the student can participate in after graduation and into adulthood.

P.E. Pep & Cheer AB

Course # 11010

Grades: 9-12
Duration: 1st Semester Pep/2nd semester Core PE
Prerequisite: Students must complete 10 units of Core A and 10 units of Core B Physical Education Program to meet graduation requirements. Selection to a pep/spirit squad.
Location: BHS, CHS, CEHS, CNHS, CWHS

P.E. Pep & Cheer AB allows pep/cheer squad members to enroll in the same class and incorporate squad routines into their physical fitness program, as well as participating in regular physical education activities, in addition to the Core Physical Education program.

P.E. Recreation & Core AB

Course # 11023

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHE, CWHS, CCDS, GHS, E, COS

The course focuses on developing a high level of health, wellness and physical fitness through a variety of activities and assignments. The curriculum includes participation in individual sports, team sports, outdoor education and healthy recreation activities. The program concentrates on the establishment of positive lifetime habits and decision-making skills.

P.E. Strength & Weight Training AB

Course # 11016

Grades: 11-12
Duration: Year Course
Prerequisite: Student must have a "C" average in PE and completed 10 units of Core A and Core B to meet graduation requirements.
Location: BHS, CHS, CEHS, CNHS

P.E. Strength and Weight Training AB weight training provides an opportunity for students to improve muscle strength and endurance. Students will study the muscular and cardiovascular system, nutritional aspects of fitness, and assess body composition. The conditioning unit will provide for cardiovascular improvement.

P.E. Team & Individual Sports AB

Course # 11024

Grades: 11-12
Duration: Year Course
Prerequisite: Students must have passed 10 units of Core A and Core B to meet graduation requirements.
Location: BHS, CHS, CNHS, CWHS

This class provides instruction at the advanced levels for a variety of team and individual sports. Instruction will include theory and analysis of movement, application and techniques.

SCIENCE

Adv. Interdisciplinary Science for Sustainable Agriculture (HP)

Course # 35D03.CTE

(Refer to CTE Agricultural Science Pathway)

Ag Engineering I

Course # 39007.CTE

(Refer to CTE Agricultural Mechanics Pathway)

Ag Engineering II (P)

Course # 39020.CTE

(Refer to CTE Agricultural Mechanics Pathway)

Ag Engineering III

Course # 39021.CTE

(Refer to CTE Agricultural Mechanics Pathway)

Ag Earth Science (P)

Course # 35G01.CTE

(Refer to CTE Agricultural Science Pathway)

Ag Science I

Course # 35001.CTE

(Refer to CTE Agricultural Science Pathway)

Agricultural Biology AB (P)

Course # 55003

Meets UC A-G "D" Requirement

Grades: 9-11
Duration: Year Course
Prerequisite: None
Location: CEHS

Agricultural Biology is the study of plants and animal life, their relationship to one another, and of man in his environment. Using agriculture as the model this class takes biology to the applied level and students experience how agriculture affects all of our lives. This is an applied, hands-on learning class utilizing the Ag Center facilities and farm laboratory for experiments, research projects, and presentations.

Allied Health Science IAB

Course # 33004

Grade: 11
Duration: Year Course
Prerequisite: Completion of 9-10 academic core in Health Career Academy.
Location: COS, GHS, E

Allied Health Science is designed to introduce students to the knowledge and skills required for entry into health care occupations and meet the needs of the advanced clinical program. The course introduces the student to health care, emphasizing core skills and knowledge applicable to many of the health professions; desirable employee attributes and job seeking skills are also addressed. The students will explore career choices through classroom and worksite learning experiences that include job shadowing, tours, and guest speakers.

Allied Health Science 2AB

Course # 33007

Grade: 12
Duration: Year Course
Prerequisite: Successful completion of Allied Health 1AB
Location: COS, GHS, E

This course provides instruction and training for students interested in careers in the health care professions. Students who achieve competency in this course will develop knowledge and skills in CPR training, immunizations, diagnostic medical tests, characteristics of a successful health care professional, parameters for physical history, exam and taking vital signs, OSHA standards for handling bodily fluids, infection control, medical terminology, anatomy and physiology, electrocardiograms, developing training procedures, and preparing a professional portfolio. This includes completion of a Senior Project requirement. Successful students will be prepared for entry-level employment including but not limited to Medical Health Assistant.

Anatomy & Physiology AB (P)

Course # 55701

Meets UC A-G "D" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Biology AB (P) with grade of "B" or better; Chemistry AB (P) recommended
Location: BHS, CEHS, CHS, CNHS, CWHS, CART

Anatomy and Physiology AB is an advanced laboratory class of the biological sciences. The course emphasizes the structure (anatomy) and function (physiology) of the human body through a systems approach.

AP Biology AB (HP)

Course # 55702

Meets UC A-G "D" Requirement – UC Honors Course

Grades: 10-12
Duration: Year Course
Prerequisite: Biology AB (P) and Chemistry AB (P) both with grade of "B" or better, Anatomy and Physiology AB (P) recommended.
Location: BHS, CEHS, CHS, CNHS, CWHS

This course prepares students to pass the national exam in May for AP Biology for college placement and/or credit. It is an introductory college-level biology course, where students cultivate their understanding of biology through inquiry-based investigations as they explore the following topics: evolution, cellular processes — energy and communication, genetics, information transfer, ecology, and interactions. It is designed for the motivated student who wishes to study advanced biological principles.

AP Chemistry AB (HP)

Course # 55703

Meets UC A-G "D" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Chemistry AB (P) with grade of "B" or better and permission of instructor. Math 3 AB (P) concurrent enrollment required.
Location: BHS, CHS, CEHS, CNHS, CWHS

This course prepares students to pass the national exam in May for AP Chemistry for college placement and/or credit. It provides students with a college-level foundation to support future advanced course work in chemistry. Students cultivate their understanding of chemistry through inquiry-based investigations, as they explore topics such as: atomic structure, intermolecular forces and bonding, chemical reactions, kinetics, thermodynamics, and equilibrium.

AP Environmental Science AB (HP)

Course # 55728

Meets UC A-G "D" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Biology, Chemistry, Math 1 & Math 2
Location: BHS, CHS, CEHS, CNHS, CWHS

This class prepares students to pass the national exam for AP Environmental Science for college placement and/or credit. Topics include energy flow, cycling of matter, geological activities, atmosphere chemistry, the biosphere, population dynamics, renewable/non-renewable resources, environmental quality, global changes and consequences, and environment and society. This is a rigorous science course that stresses scientific principles and quantitative analysis which includes an extensive laboratory component. This course will provide students with the scientific principles, concepts, and theories required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving and/or preventing them.

AP Physics 1AB (HP)

Course # 55D11

Meets UC A-G "D" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Physics
Location: CEHS, CHS, CNHS, CWHS

This course prepares students to pass the national exam in May for AP Physics 1 for college placement and/or credit. It is algebra-based and equivalent to a first-semester introductory college-level physics course. Students cultivate their understanding of physics through inquiry-based investigations as they explore topics such as Newtonian mechanics (including rotational motion); work, energy, and power; mechanical waves and sound; and introductory, simple circuits.

AP Physics 2AB (HP)

Course # 55D12

Meets UC A-G "D" Requirement – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: AP Physics 1 AB
Location: CNHS, CWHS

This course prepares students to pass the national exam in May for AP Physics 2 for college placement and/or credit. It is algebra-based and equivalent to a second-semester introductory college-level physics course. Students cultivate their understanding of physics through inquiry-based investigations as they explore topics such as fluid statics and dynamics; thermodynamics with kinetic theory; PV diagrams and probability; electrostatics; electrical circuits with capacitors; magnetic fields; electromagnetism; physical and geometric optics; and quantum, atomic, and nuclear physics.

AP Physics C AB (HP)

Course # 55D01

Meets UC A-G "D" – UC Honors Course

Grades: 11-12
Duration: Year Course
Prerequisite: Concurrent enrollment in AP Calculus AB or BC or college calculus equivalent.
Location: BHS, CNHS, CWHS

This course prepares students to pass the national exam(s) for AP Physics C (Mechanics) and for AP Physics C (Electricity and Magnetism) in May for college placement and/or credit. It is a calculus-based, college-level physics course, especially appropriate for students planning to specialize or major in physical science or engineering. This course includes one semester of instruction in Mechanics and one semester of instruction in Electricity and Magnetism. Mechanics explores topics such as kinematics; Newton's Laws of Motion; energy and power; systems of particles and linear momentum; circular motion and rotation; and oscillations and gravitation. Electricity and Magnetism explores topics such as electrostatics; conductor, capacitors, and dielectrics; electric circuits; magnetic fields; and electromagnetism. Introductory differential and integral calculus is used throughout this course.

Biological Links to Energy Environment AB (P)

Course # 55D21.CTE

(Refer to CTE Environmental Resources Pathway)

Biology AB (P)

Course # 55709

Meets UC A-G "D" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CNHS, CWHS, GHS, E, COS

Biology AB (P) is the study of plant and animal life, their relationship to each other, and of man and his environment. Special emphasis is placed upon the scientific approach to problem solving in laboratory experiments.

Biology Honors AB (P)

Course # 55708

Meets UC A-G “D” Requirement

Grades: 9-10
Duration: Year Course
Prerequisite: By student application, concurrent enrollment in Math 2AB, teacher recommendation
Location: BHS, CEHS, CHS, CNHS, CWHS

Biology Honors AB (P) is a laboratory class designed to prepare students to take AP Biology. Special emphasis is placed upon the scientific approach to critical thinking related to problem solving in laboratory experiments, seminars, project research and presentation.

Biology & Sustainable Ag (P)

Course # 35D01.CTE

(Refer to CTE Agricultural Science, Animal Science, Plant & Soil Science Pathway Pathway)

Botany AB (P)

Course # 55725.CTE

(Refer to CTE Plant & Soil Science Pathway)

CDE Animal Science (P)

Course # 35G02.CTE

(Refer to CTE Animal Science Pathway)

Chemistry AB (P)

Course # 55710

Meets UC A-G “D” Requirement

Grades: 10-12!
Duration: Year Course
Prerequisite: Math 1 AB (P) with grade of “B” or better. Concurrent enrollment in Math 3 or higher is recommended
Location: BHS, CEHS, CHS, CNHS, CWHS, CART, E, GHS, COS

Chemistry AB (P) is a laboratory class designed to provide students with the introductory topics in the field. Topics include measurements with the metric system, chemical reactions, compounds, elements, atomic structure, properties of solids, liquids and gases, acid-bases, electrochemical cells and some organic chemistry.

Chemistry and Agriscience (P)

Course # 35D02.CTE

(Refer to CTE Agricultural Science Pathway)

Chemistry/Environmental Engineering-Water (P)

Course # 55D20.CTE

(Refer to CTE Environmental Engineering Pathway)

Energy Technology (P)

Course # 55G01.CTE

(Refer to CTE Environmental Resources Pathway)

Environmental Sustainability with Industry Applications (P)

Course # 55G05.CTE

(Refer to CTE Environmental Resources Pathway)

Introduction to Engineering Design (P)

Course # 35G04.CTE

(Refer to CTE Environmental Engineering Pathway)

Ornamental Horticulture

Course # 30275.CTE

(Refer to CTE Plant & Soil Science Pathway)

Physics AB (P)

Course # 55713

Meets UC A-G "D" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Math 3AB (P) or equivalent with grade of "B" or better and recommendation of instructor.
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, CART

Physics AB is a science that deals with the relationship between matter and energy. Topics include mechanics, heat, thermodynamics, electricity, magnetism, waves, optics, and nuclear physics. This course is strongly recommended for students seeking admission to colleges and universities.

Physics and Technology AB (P)

Course # 55901

Meets UC A-G "D" Requirement

Grades: 10-12
Duration: Year Course
Prerequisite: Math 1 AB. Concurrent enrollment in Math 2 AB or higher.
Location: CHS, CWHS, CART

This course gives students a working knowledge of the physical principles that apply to modern technology of today. Physics and technology investigates seven scientific and physical principles: force, work, rate, resistance, energy, power, and force transformers, and applies them in a very real and practical way. It does this by relating each of the seven principles to four basic systems: mechanical, fluid, electrical, and thermal systems. Within each of those areas students construct and perform high quality lab experiments related to actual applications used in modern technology.

Plant Production Management (P)

Course # 33G12.CTE

(Refer to CTE Plant & Soil Science Pathway)

Principles of Athletic Training (ROP)

Course # R9065

(Refer to CTE Patient Care Pathway)

Principles of Engineering (P)

Course # 55D22.CTE

(Refer to CTE Environmental Engineering Pathway)

Principles of Engineering Robotics (P)

Course # 35601.CTE

(Refer to CTE Software and Systems Development Pathway)

Science 1AB

Course # 55040

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CNHS, CWHS, CART, COS, GHS, E, CCDS

Science I AB is an entry level high school lab science course. It will focus on concepts of earth, and physical sciences with emphasis placed on scientific processes and investigation. This course meets the CUSD graduation requirement in physical science.

Science 2AB

Course # 55041

Grades: 10-12
Duration: Year Course
Prerequisite: None
Location: COS, CWHS, GHS, E, CCDS

Science 2 AB extends the student's science comprehension and development of higher-order thinking skills. It will focus on physical science, with emphasis on relevant applications using scientific processes and investigations. This course meets the CUSD graduation requirement in life science.

Sports Medicine (P) (ROP)

Course # R5045

(Refer to CTE Patient Care Pathway)

Zoology AB (P)

Course # 55715

Meets UC A-G "D" Requirement

Grades: 11-12
Duration: Year Course
Prerequisite: Biology AB (P) with grade of "B" or better and recommendation of instructor.
Location: CEHS, CWHS, CART

Zoology AB builds upon the study of animals that was covered in biology. Major emphasis is placed upon internal and external anatomy, laboratory studies, natural history and ecological/phylogenetic relationships.

WORLD LANGUAGE

American Sign Language 1AB

Course # 98020

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Good attendance
Location: BHS

American Sign Language 1AB is an introduction to American Sign Language. ASL is a visual-gestural language used by deaf people in North America, with its own distinct rules, history, grammar, and culture. This class is designed for any student interested in developing the skills necessary to communicate with deaf people. Vocabulary development and grammatical structure, as well as developing an understanding of and sensitivity to the culture of deaf people, will be emphasized in this course. This class does not fulfill any part of the foreign language requirement for university admission, however it does meet graduation requirements.

AP Chinese Language Literature and Culture AB (HP)

Course # 99E02

Meets UC A-G "E" Requirement – UC Honors Course

Grades: 9-12
Duration: Year Course
Prerequisite: Chinese 3AB with grade of "B" or better or approval of instructor.
Location: BHS, CWHS

AP Chinese Language AB (HP) covers the curriculum necessary for students to successfully pass the national exam in May for college placement and/or credit.

AP French Language Literature and Culture AB (HP)

Course # 98801

Meets UC A-G "E" Requirement – UC Honors Course

Grades: 9-12
Duration: Year Course
Prerequisite: French 3AB with grade of "B" or better or approval of instructor.
Location: BHS, CEHS, CNHS

AP French Language AB (HP) covers the curriculum necessary for students to successfully pass the national exam in May for college placement and/or credit.

AP German Language Literature and Culture AB (HP)

Course # 98824

Meets UC A-G "E" Requirement – UC Honors Course

Grades: 9-12
Duration: Year Course
Prerequisite: German 3AB with grade of "B" or better or approval of instructor.
Location: BHS, CHS

AP German Language AB (HP) covers the curriculum necessary for students to successfully pass the national exam in May for college placement and/or credit.

AP Spanish Language Literature and Culture AB (HP)

Course # 98802

Meets UC A-G “E” Requirement – UC Honors Course

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish 3AB or Spanish 4AB with grade of “B” or better or approval of instructor.
Location: BHS, CEHS, CHS, CNHS, CWHS

AP Spanish Language AB (HP) covers the curriculum necessary for students to successfully pass the College Board exam in May for college placement and/or credit.

AP Spanish Literature and Culture AB (HP)

Course # 98814

Meets UC A-G “E” Requirement – UC Honors Course

Grades: 9-12
Duration: Year Course
Prerequisite: Advanced Placement Spanish Language AB (HP) with score of “3” or better on A.P. Test, completion of summer reading, must have prior experience in an upper level Spanish class or approval of instructor.
Location: BHS, CEHS, CHS, CWHS

AP Spanish Literature AB (HP) is designed to introduce students to the formal study of Peninsular Spanish, Latin American, and U.S. Hispanic literature from the middle ages to the present day. The course aims to develop students’ critical reading and analytical writing skills in Spanish to perform successfully on the Advanced Placement exam in Spanish Literature, as well as develop students’ ability to make interdisciplinary connections and explore linguistic and cultural comparisons. It is at a level designed to successfully pass the College Board exam in May for college placement credit.

Chinese 1AB (P)

Course # 98817

Meets UC A-G “E” Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: CNHS, CWHS

Chinese 1AB is an introduction to Mandarin Chinese. Vocabulary and grammatical structure of everyday situations are covered with emphasis on oral communication. Students gain comprehension in character writing of basic sentence structures. They will also develop an appreciation for the Chinese culture, both ancient and modern.

Chinese 2AB (P)

Course # 98818

Meets UC A-G “E” Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Chinese 1AB with grade of “B” or better, previous experience with language, or approval of instructor.
Location: BHS, CWHS

Chinese 2AB extends the student’s ability in aural comprehension and speaking for direct comprehension without translation. Practice is given in using language structures, writing adapted dialogues, and writing from dictation. Outstanding figures in Chinese history, art, literature, music, and science are introduced.

Chinese 3AB (P)

Course # 98819

Meets UC A-G “E” Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Chinese 2AB with grade of “C” or better or approval of instructor.
Location: BHS, CWHS

Chinese 3AB enhances the student’s ability to think critically in the Chinese language through the study of literature. Appreciation of art and literature will be the main focus.

French 1AB (P)

Course # 98803

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CEHS, CHS, CWHS, CNHS, COS, E

French 1 AB is an introduction to the language. Vocabulary and grammatical structures will be presented through thematic units with an emphasis on oral, listening, reading and writing expressions. Students will develop an appreciation for the French culture and its influence throughout the world.

French 2AB (P)

Course # 98804

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: French 1AB with grade of "C" or better or approval of instructor.
Location: BHS, CEHS, CHS, CWHS, CNHS, COS, E

French 2 AB continues to expand the students' knowledge of the language through additional and extended thematic units. Extensive oral communication and grammatical development will be obtained through projects, literature, written expression and cultural activities.

French 3AB (P)

Course # 98805

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: French 2AB (P) with grade of "C" or better or approval of instructor.
Location: BHS, CEHS, CHS, CWHS, CNHS, COS, E

French 3AB is designed to expand and strengthen oral, reading and written communication with an emphasis on literature, composition and conversation.

French 4AB (P)

Course # 98826

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: French 3AB (P) with a grade of "B" or better or approval of instructor
Location: BHS, CEHS, CHS, CWHS, CNHS,

French 4AB is designed for students to develop and strengthen their language skills at an advanced level. Students will read, write, listen, and speak at this level. There will be an emphasis on literature, culture, and conversation.

German 1AB (P)

Course # 98806

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, COS

German 1 AB is an introduction to the language. Vocabulary and grammatical structures will be presented through thematic units with an emphasis on oral, listening, reading and writing expressions. Students will develop an appreciation for the German culture and its influence throughout the world.

German 2AB (P)

Course # 98807

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: German 1AB (P) with grade of "C" or better or approval of instructor
Location: BHS, CHS, COS

German 2 AB continues to expand the students' knowledge of the language through additional and extended thematic units. Extensive oral communication and grammatical development will be obtained through projects, literature, written expression and cultural activities.

German 3AB (P)

Course # 98808

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: German 2AB with grade of "B" or better or approval of instructor.
Location: BHS, CHS

German 3AB is designed to expand and strengthen oral, reading and written communication with an emphasis on literature, composition and conversation.

Hmong 1AB (P)

Course # 98816

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of Instructor
Location: CEHS

Hmong 1 AB is an introduction to the language. Vocabulary and grammatical structures will be presented through thematic units with an emphasis on oral, listening, reading and writing expressions. Students will develop an appreciation for the Hmong culture and its influence throughout the world.

Hmong 2AB (P)

Course # 98832

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Passing grade of "C" or better in Hmong 1AB or approval of instructor.
Location: CEHS

Hmong 2AB is designed to provide a more in-depth knowledge of the Hmong language for non-native speakers. This course will extend student's knowledge of Hmong language through the use of short stories, history, art and music. The course will maintain and extend oral language, written language, and cultural literacy learned in Hmong 1AB.

Hmong 3AB (P)

Course # 99E01

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Passing grade of "B" or better in Hmong 2AB
Location: CEHS

Hmong 3AB is designed to expand and strengthen oral, reading and written communication with an emphasis on culture, composition, and conversation.

Spanish 1AB (P)

Course # 98811

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, E, GHS

Spanish 1 AB is an introduction to the language. Vocabulary and grammatical structures will be presented through thematic units with an emphasis on oral, listening, reading and writing expressions. Students will develop an appreciation for the Hispanic culture and its influence throughout the world.

Spanish 2AB (P)

Course # 98812

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish 1AB (P) with grade of "C" or better in both semesters or approval of instructor.
Location: BHS, CHS, CEHS, CNHS, COS, CWHS, E, GHS

Spanish 2 AB continues to expand the students' knowledge of the language through additional and extended thematic units. Extensive oral communication and grammatical development will be obtained through projects, literature, written expression and cultural activities.

Spanish 2 Honors AB (P)

Course # 99E50

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish I with a grade of "A" or fluent in Spanish
Location: CWHS

Spanish 2 Honors will continue to expand the students' knowledge of the language through additional and extended thematic units. Students will focus on reading, writing, and formal presentations. The class will be conducted in the target language at an accelerated pace while enhancing language skills to prepare for advanced language courses.

Spanish 3AB (P)

Course # 98813

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish 2AB or Spanish for Spanish Speakers 1AB or 2AB with grade of "B" or better or approval of instructor.
Location: BHS, CHS, CEHS, CWHS, CNHS, COS, E, GHS

Spanish 3AB is designed to expand and strengthen oral, reading and written communication with an emphasis on literature, composition and conversation.

Spanish 3 Honors AB (P)

Course # 99E51

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish 2 Honors with a grade of "B" or better
Location: CWHS

Spanish 3 Honors assumes control of vocabulary and grammar structures learned in previous levels. The class will introduce new advanced grammar, and will lay the foundation for interpersonal, interpretative, and presentational skills needed to succeed in an advanced language class. Students will focus on reading, writing, and formal presentations. Instruction will be conducted in the target language at an accelerated pace.

Spanish 4AB (P)

Course # 98827

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish 3AB with a grade of "B" or better or approval of instructor.
Location: BHS, CEHS, CNHS, CWHS

Spanish 4AB is designed for students to develop and strengthen their language skills at an advanced level. Students will read, write, listen, and speak at this level. There will be an emphasis on literature, culture, and conversation.

Spanish for Native Speakers 1AB (P)

Course # 98829

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Student must be a Spanish speaker
Location: CHS, CEHS

Spanish for Native Speakers 1AB is designed to provide a high level of language instruction through the use of literature, essay writing, oral communication and listening comprehension.

Spanish for Native Speakers 2AB (P)

Course # 98830

Meets UC A-G "E" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Spanish for Native Speakers 1AB (P), grade of "C" or better, or permission of instructor
Location: CHS, CEHS

Spanish for Native Speakers 2AB (Level 2) is designed to continue the high level of language instruction provided in Level 1 through more advanced and extensive literature, essay writing, oral communication and listening comprehension.

ELECTIVES

AP Computer Science A

Course # 44908.CTE

(Refer to CTE Software and Systems Development Pathway)

Architectural Building Scaled Structures (P) (ROP)

Course # R3G01

(Refer to CTE Residential and Commercial Construction Pathway)

Auto 2AB

Course # 30088.CTE

(Refer to CTE Systems, Diagnostics, Service, & Repair Pathway)

Auto 2A (Automotive Electrical Systems)

Course # 30053

Grades: 11-12
Duration: Semester Course; to be taken with Auto 2B.
Prerequisite: Auto 1AB with grade of "C" or better.
Location: CWHS

This course deals with the electrical needs of the automobile and its related components. It involves a detailed study of the starting, charging, ignition, lighting, computer controls, and auxiliary electrical systems used on the car. Students will work with and study the electrical test equipment used in troubleshooting the above mentioned systems. Lab work will include the study of diagrams and the correction of malfunctioning electrical systems and their related components.

Auto 2B (Auto Brake and Suspension Systems)

Course # 30054

Grades: 11-12
Duration: Semester Course; to be taken with Auto 2A.
Prerequisite: Auto 1AB with grade of "C" or better.
Location: CWHS

This course focuses on the design, function, and construction of automotive brakes, suspension, steering, tires, and wheel alignment. Students will gain a thorough understanding of the above mentioned systems and participate in the diagnosis and correction of problems related to same.

Auto 3AB

Course # 30089.CTE

(Refer to CTE Systems, Diagnostics, Service, & Repair Pathway)

Auto 3A (Automotive Transmission and PowerTrain)

Course # 30059

Grades: 11-12
Duration: Semester Course; to be taken with Auto 3B
Prerequisite: 20 units of prior automotive coursework with a grade of "C" or better and permission of instructor.
Location: CWHS

This course is designed to provide the student with an understanding of how power is transmitted from the engine to the driving wheels. The clutch assembly, manual and automatic transmission, universal joint, propeller shaft, differential, and the axle assembly will be the focal points of study during the semester. The student will participate in the disassembly, servicing, and reassembly of these components.

Auto 3B (Automotive Engines)

Course # 30035

Grades: 11-12
Duration: Semester Course; to be taken with Auto 3A
Prerequisite: 20 units of prior automotive coursework with a grade of "C" or better and permission of instructor.
Location: CWHS

This course focuses on the theory, design, construction, and operation of the internal combustion engine. Laboratory work will consist of the engine manufacturing processes and involve engine disassembly, measurement, inspection, machining, reassembly, and adjustment

Auto Systems Technology (ROP)

Course # R3002

(Refer to CTE Systems, Diagnostics, Service, & Repair Pathway)

Basic Auto AB

Course # 30087.CTE

(Refer to CTE Systems, Diagnostics, Service, & Repair Pathway)

Basic Foods AB

Course # 30041

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: GHS, E, CCDS

Basic Foods AB provides an introduction to basic terms, safety, recipes, measurement and nutrition. Areas of emphasis include fruits and vegetables, milk and dairy products, breads, desserts and meat preparation. Food preparation days, meal planning, and budgeting are also included.

Basic Metal Manufacturing

Course # 30073.CTE

(Refer to CTE Residential and Commercial Construction Pathway)

Basic Woodworking AB

Course # 30074

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS

Basic Woodworking AB is an exploratory course which includes instruction and practice in safety, measurement, planning, wood identification and use, hand and machine woodworking tools, wood joinery, and wood finishing. Students will be required to construct several instructor-assigned projects.

Business & Financial Services Internship (P)

Course # 33G16.CTE

(Refer to CTE Financial Services Pathway)

Careers AB

Course # 30032

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: CHS, E, CCDS

Careers AB is designed to acquaint the student with information and skills needed to find and keep the right job, and to handle adult situations. Careers may be used to meet the unit requirement in Business, Home Economics, and Industrial Technology.

Career Exploration AB

Course # 33030

Grades: 10-12
Duration: Year Course
Prerequisite: None
Location: COS

This course prepares middle and high school students to make informed decisions about their future academic and occupational goals. Through direct instruction, interactive skills demonstrations, and practice assignments, students learn how to assess their own skills and interests, explore industry clusters and pathways, and develop plans for career and academic development. This course is designed to provide flexibility for students; any number of units can be selected to comprise a course that meets the specific needs of each student's skills and interests.

Careers with Children (ROP)

Course # R9081

(Refer to CTE Education Pathway)

Child Development A

Course # 30042

Grades: 10-12
Duration: Semester Course
Prerequisite: None; Recommended for students entering elementary education or other child-related career
Location: GHS, E, CCDS

Child Development A includes units in pregnancy and prenatal development, infant care, growth and development patterns during early childhood, and techniques of discipline and guidance. Students will observe and work with preschool children regularly to enable them to have actual experience in working with young children.

Collaborative Mentoring AB

Course # 00066

Grades: 9-12
Duration: Year Course
Prerequisite: Application including teacher recommendation, interview and resulting permission of instructor(s), eligibility Statement, confidentiality agreement
Location: CWHS

This course is designed for General Education (Mentor) students who desire to help others who have special needs, students with IEPs, or 504 plans. Mentor students will work one-on-one with Special Education students in elective courses. Mentors will develop leadership skills, learn problem-solving skills and behavior management techniques. Special Education students will work with a mentor student to complete a variety of projects. Special Education students will develop listening skills, cooperative learning skills, social skills, and appropriate classroom behavior.

College and Career Readiness (P)

Course # 33029

Meets UC A-G "G" Requirement

Grades: 9-12
Duration: Semester
Prerequisite: None
Location: BHS, CHS, CEHS, GHS, E., COS

College and Career Seminar is a one-semester course designed to help students learn and practice valuable skills to help them identify personal strengths, areas of interests, and career pathways to possible future post-secondary endeavors. Students will demonstrate their understanding of career paths through a variety of assessments, projects, job simulations, speeches, research assignments, and counselor guidance lessons. Students will also identify academic interests, skills, values and personality types, research employers and industries, gain experience with public speaking and interview skills, familiarize themselves with college and job search tools, strengthen writing and communication skills, learn goal setting, all culminating in completion of a 10 Year Plan.

Entrepreneurship and Marketing (P)**Course # 39060**

Grade: 12
Duration: Year Course
Prerequisite: Application Process
Location: BHS, CWHS, GHS, CCDS, COS

This course emphasizes marketing in the study of entrepreneurship. Students learn how the tools of marketing decisions for goods and services are used in business. They engage in marketing analysis and research. Students will learn to solve marketing related problems a business may face and they will also take a practical look at building a marketing plan for the development of a new product or service.

Exploring Computer Science (P)**Course # 43G01.CTE**

(Refer to CTE Software and Systems Development Pathway)

Fashion Design A**Course # 30043**

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: GHS, E, CCDS

Fashion Design A is a one semester course in the basics of fashion. Units covered include the design elements and color as they apply to figure silhouette and fashion selection; basic textiles used in the fashion industry; a history of fashion over the past 200 years; wardrobe selection and planning; the basics of fashion illustration techniques; and careers available in the field of fashion design and merchandising.

Financial Literacy (P)**Course # 33G14.CTE**

(Refer to CTE Financial Services Pathway)

Fire Fighting Technology I (ROP)**Course # R3018**

(Refer to CTE Emergency Response Pathway)

Fire Fighting Technology II (ROP)

(Refer to CTE Emergency Response Pathway)

Food Science (P)

Course # 33G08.CTE

(Refer to CTE Agricultural Science Pathway)

Food Science and Nutrition (P)

Course # 33G11.CTE

(Refer to CTE Food Service and Hospitality)

Furniture as Art AB

Course # 77001

Grades: 9-12
Duration: Year Course
Prerequisite: Good attendance and citizenship.
Location: BHS

This course is a study of studio furniture design, the history of furniture, and furniture making. Students will gain insights into the design process; develop a visual vocabulary of design elements to express ideas, and to direct the design process to bring the visual vocabulary to a 3-dimensional form. Students will work through the design process and create an object of their choice using wood, glass, stone, metal, plastic fiber, and other mediums. Students will also study the history of furniture from the ancient world to modern furniture.

General Work Experience AB

Course # 00002

Grades: 11-12
Duration: Year Course
Prerequisite: Approval of parent, counselor, WEE coordinator, employer; acceptable employment; 16 years of age
Location: BHS, CEHS, GHS, E, COS

General Work Experience AB is a combination of work experience education and paid employment designed to assist the student in acquiring desirable work habits, skills, and attitudes. The paid employment need not be related to the student's career goal (s). The student is required to attend a weekly meeting to complete related instructional assignments and to submit time cards to the WEE coordinator by specific dates. A maximum of 20 General Work Experience credits can be earned.

History Through Film AB

Course # 60G04

Grades: 10-12
Duration: Semester Course
Prerequisite: None
Location: CHS

Studying historical occurrences of armed conflict provides perspective for shaping responses to the complex and often contentious peace and security issues regarding current conflicts. This is essential background information for conflict management, resolution, prevention and peace building. With conflict as the focus, this course examines Hollywood feature films and historical dramas as historical evidence. Students view movies on various conflicts, participate in seminar discussions, and write essays comparing the film evidence to information in more traditional sources.

Hospitality Management 1 (P)

Course # 33G10.CTE

(Refer to CTE Food Service and Hospitality Pathway)

Interior Decoration A

Course # 30044

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: GHS, E, CCDS

Interior Decoration A is a semester course that includes units in designing floor plans, the principles of design, the use of color, lighting variations and furniture styles, and arrangements. Students will complete interior decoration projects.

Intermediate Woodworking AB

Course # 30082

Grades: 9-12
Duration: Year Course
Prerequisite: One year of basic woodworking at the intermediate or high school level with a grade of "C" or better or permission of instructor.
Location: BHS, CHS

Intermediate Woodworking AB focuses on the efficient methods of planning and designing projects that are well suited to the accepted techniques of construction and use. The student will be required to apply numerous woodworking machines and processes to a number of required and individually designed projects. The course will prepare students for advanced woodworking or any vocational cabinetmaking and millwork class.

Introduction to Business AB

Course # 30025

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: GHS, E, CCDS, COS

This is a yearlong course designed to give students general business and computer skills. Units covered include: Human Relations, Getting a Job, Business Machines, Personal Finance, Cashiering, and Business Career Path Exploration, a core of business concepts, and applications from global economics and international business to entrepreneurs and local businesses, from financial institutions to government and taxes, from managing credit and personal finances to job hunting.

Introduction to Finance (P)

Course # 33615.CTE

(Refer to CTE Financial Services Pathway)

Introduction to Computers A

Course # 30014

Grades: 9-12
Duration: Semester Course
Prerequisite: Keyboarding A or teacher permission
Location: CHS

This course is designed for students to improve basic computer skills by exploring a variety of computer applications utilizing the Microsoft Office Suite (Word, Excel, Power Point). Students will also be introduced to and develop skills in the area of career preparations, job acquisition and retention, business communications, financial concepts, and leadership development.

Introduction to Emergency Medical Responders (P)

Course # 33G13.CTE

(Refer to CTE Emergency Response Pathway)

Introduction to Information Technology

Course # 30031

Grades: 10-12
Duration: Year Course
Prerequisites: None
Location: COS

This course introduces students to the essential technical and professional skills required in the field of Information Technology (IT). Through hands-on projects and written assignments, students gain an understanding of the operation of computers, computer networks, Internet fundamentals, programming, and computer support. Students also learn about the social impact of technological change and the ethical issues related to technology. Throughout the course, instructional activities emphasize safety, professionalism accountability, and efficiency for workers within the field of IT.

Journalism & Publishing (ROP)

Course # R3004

(Refer to CTE Design, Visual, & Media Arts Pathway)

Keyboarding A

Course # 30015

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: CHS

This course is intended for students who desire keyboarding skills that will enable them to use a computer efficiently. Students will master the touch method of keying the alphabetic and number keys and the numeric keypad. Students will have some exposure to basic computer applications and skills.

Marketing Management 1AB

Course # 30016

Grades: 10-12
Duration: Year Course
Prerequisite: None
Location: BHS, COS

Marketing/Management 1AB teaches students important aspects of marketing as a career, communications and human relations skills, the changing consumer market, planning sales promotion and advertising, marketing research in retailing, developing pricing policies, free enterprise and profits, computerized inventory-control systems and data processing.

Marketing Management 2AB

Course # 30017

Grades: 11-12
Duration: Year Course
Prerequisite: Marketing Management 1AB; permission of instructor
Location: BHS, COS

Marketing Management 2AB is designed to provide advanced marketing students with an opportunity to apply skills in a practical situation. The students act as assistant managers of the student store. Under close supervision of the teacher, the students perform most tasks associated with the operations of a small retail business.

Medical Careers (ROP)

Course # R3019

(Refer to CTE Science Pathway)

Medical Health Careers (P)

Course # 33G17.CTE

(Refer to CTE Patient Care Pathway)

Medical Terminology AB

Course # 33032

Grades: 10-12
Duration: Semester Course
Prerequisite: None
Location: COS

This semester-long course introduces students to the structure of medical terms, including prefixes, suffixes, word roots, combining forms, and singular and plural forms, plus medical abbreviations and acronyms. The course allows students to achieve comprehension of medical vocabulary appropriate to healthcare settings, medical procedures, pharmacology, human anatomy and physiology, and pathology. The knowledge and skills gained in this course will provide students entering the healthcare field with a deeper understanding of the application of the language of health and medicine. Students are introduced to these skills through direct instruction, interactive tasks, and practice assignments.

Nursery Assistant AB

Course # 30097

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: CHS, GHS, E

The nursery assistants in the Youth Parent Program (YPP) are required to assist in providing student/parents with child care and parenting education to enable students to complete their high school education and to better care for their children. The parent and child education center is also utilized as a vocational training center for students desiring a career in the field of child development. Students are given the opportunity to study child development and work with infants and toddlers to prepare for future jobs and parenthood. Students are taught enrichment activities for children, positive discipline, good nutrition, and health practices.

On Your Own AB

Course # 30046

Grades: 10-12
Duration: Semester Course
Prerequisite: None
Location: GHS, E, CCDS, COS

On Your Own is a course for students interested in learning about the rights and responsibilities of independent young adults. Topics include apartment living, money management, basic foods cookery, food buying, nutrition, automobile purchases, credit, consumer laws, sewing skills, and job skills.

Parenting 1AB

Course # 30048

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: GHS, E, CCDS

Parenting 1AB is designed for the teenage expectant parent emphasizing good prenatal health, preparation for the total birth experience, care of newborn, and basics of living on own. It will acquaint the student with agencies available to them, help develop self-confidence and work with educational and vocational goals.

Parenting 2AB

Course # 30050

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: GHS, E, CCDS

Parenting 2AB includes units concerning the child from six weeks to preschool age. These units include growth and development patterns, daily care, activities for and with the child, techniques of discipline and guidance, cross-cultural aspects of child rearing, food for the baby/family, medical care, consumerism, marriage, safety, budgeting, housing, community resources, child and parent self-esteem, and future plans for the family.

Parenting 3AB

Course # 30052

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: GHS, E, CCDS

Parenting 3AB focuses on children between ages 2 and 4. Units include growth and development, health and nutrition, medical care, self-concept, daily care and parenting, discipline strategies and guidance, age appropriate activities, preschool readiness, family and communication, and community resources.

Pharmacy Technician (P)

Course # 33035

Grades: 10-12
Duration: Year Course
Prerequisite: None
Location: COS

This two-semester course prepares students for employment in the pharmacy technician field. Through direct instruction, interactive skills demonstrations, and practice assignments, students learn the basics of pharmacy assisting, including various pharmacy calculations and measurements, pharmacy law, pharmacology, medical terminology and abbreviations, medicinal drugs, sterile techniques, USP 795 and 797 standards, maintenance of inventory, patient record systems, data processing automation in the pharmacy, and employability skills.

Principles of Athletic Training ROP**Course # R9065**

(Refer to CTE Patient Care Pathway)

Principles of Engineering & Robotics (P)**Course # 35G03.CTE**

(Refer to CTE Software and Systems Development Pathway)

Publishing Management (ROP)**Course # R9079**

(Refer to CTE Design, Visual, & Media Arts Pathway)

Rehabilitation Therapy Careers**Course # R3G03**

(Refer to CTE Patient Care Pathway)

Small Business Management ROP**Course # R9095**

(Refer to CTE Financial Services Pathway)

Sociology of the Family A**Course # 30047**

Grades: 10-12
Duration: Semester Course
Prerequisite: None
Location: GHS, E, CCDS

Sociology of the Family A is a one semester class with a major emphasis on the family as a nuclear unit. An understanding of problem solving techniques and family decision-making will be presented in such areas as: personality, dating, marriage, family management, family crisis and changing family patterns.

Sports Medicine/Fitness (P) ROP**Course # R5045**

(Refer to CTE Patient Care Pathway)

Success A**Course # 30051**

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: GHS, E, CCDS

Success A will focus on improving social and personal skills to promote improved interpersonal relationships, self-knowledge, self-esteem, responsibility, communication skills, assertiveness and problem-solving, decision-making, goal setting, realization and stress management skills. Students will be taught to relate positively and effectively with peers, teachers, parents, and authority figures.

Veterinary Science (P)**Course # R9986**

(Refer to CTE Animal Science Pathway)

Welding Processes and Fabrication (ROP)**Course # R3041.CTE**

(Refer to CTE Agricultural Mechanics Pathway)

SPECIAL PROGRAMS

AVID 9AB (P)

Course # 00905

Meets UC A-G "G" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS

Major Concepts/Content: Advancement Via Individual Determination (AVID) is an elective course that prepares students for college readiness and success, and it is scheduled during the regular school day as a year-long course. Each week, students receive instruction utilizing a rigorous college preparatory curriculum provided by AVID Center, tutor-facilitated study groups, motivational activities, and academic success skills. In AVID, students participate in activities that incorporate strategies focused on writing, inquiry, collaboration, organization, and reading to support their academic growth.

AVID 10AB (P)

Course # 00904

Meets UC A-G "G" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS

Major Concepts/Content: Advancement Via Individual Determination (AVID) is an elective course that prepares students for college readiness and success, and it is scheduled during the regular school day as a year-long course. Each week, students receive instruction utilizing a rigorous college preparatory curriculum provided by AVID Center, tutor-facilitated study groups, motivational activities, and academic success skills. In AVID, students participate in activities that incorporate strategies focused on writing, inquiry, collaboration, organization, and reading to support their academic growth.

AVID 11AB (P)

Course # 00903

Meets UC A-G "G" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS

Major Concepts/Content: Advancement Via Individual Determination (AVID) is an elective course that prepares students for college readiness and success, and it is scheduled during the regular school day as a year-long course. Each week, students receive instruction utilizing a rigorous college preparatory curriculum provided by AVID Center, tutor-facilitated study groups, motivational activities, and academic success skills. In AVID, students participate in activities that incorporate strategies focused on writing, inquiry, collaboration, organization, and reading to support their academic growth.

AVID 12AB (P)

Course # 00901

Meets UC A-G "G" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: BHS, CHS, CEHS, CNHS, CWHS

Major Concepts/Content: Advancement Via Individual Determination (AVID) is an elective course that prepares students for college readiness and success, and it is scheduled during the regular school day as a year-long course. Each week, students receive instruction utilizing a rigorous college preparatory curriculum provided by AVID Center, tutor-facilitated study groups, motivational activities, and academic success skills. In AVID, students participate in activities that incorporate strategies focused on writing, inquiry, collaboration, organization, and reading to support their academic growth.

Debate AB

Course # 23010

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of Instructor, weekend competitions are required.
Location: CEHS, CWHS

Debate AB is a course in competitive speech which provides instruction in argumentation theory and application leading to participation in interscholastic debate contests. The course emphasizes research, analysis, organizational skills, debate theory and persuasive speaking.

Community Involvement A

Course # 00037

Grades: 9-12
Duration: Semester
Prerequisite: None
Location: E, COS

Community involvement is available to students enrolled in Alternative Education. In this program students volunteer their time to provide worthwhile services to their community. Students may earn up to five elective credits per semester. Twenty hours of community involvement is required for each credit. The student or parent must furnish transportation. The work Experience Coordinator must approve the job site before the student starts work. Student volunteers will meet with the Work Experience Coordinator once a week for work related classroom instruction.

Forensics AB (P)

Course # 23517

Meets UC A-G "G" Requirement

Grades: 9-12
Duration: Year Course
Prerequisite: Permission of Instructor, weekend competitions are required.
Location: BHS, CEHS, CHS, CNHS, CWHS

Forensics AB (P) is a course in competitive speech which provides the student with the opportunity to manifest oral skills through preparation for, and participation in, interscholastic speech. A variety of speech events provide exposure to acting with humorous or dramatic interpretations: research skills with original events and critical analysis with writing in preparation for events. The course also encourages a creative outlet for young writers with a prose/poetry emphasis.

Journalism AB (P)

Course # 22519

Meets UC A-G "G" Requirement

Grades: 9-12, elective
Duration: Year Course
Prerequisite: Approval of instructor
Location: CEHS, CHS, CNHS, CWHS

Journalism AB (P) covers the organization, management, production, and aims of a student newspaper. The course emphasizes the principles of reporting and the writing of news stories, features, and opinion pieces. The course covers libel law and ethics as they apply to both scholastic and professional publications.

Junior ROTC - Aerospace Science I

Course # J0001

Grades: 9-10
Duration: Year Course
Prerequisite: None
Location: CEHS

A United States Air Force JROTC program available only to full-time Clovis East High School students. The program offers citizenship education, leadership education, aviation history, cultural studies, science of flight, physical and biological sciences, and physical education. Students may take one or more years, and each year is completely different. Students are eligible for ROTC college scholarships, a chance to attend a service academy and with three years, advanced rank upon entry into the armed forces. Students may attend field trips to various aerospace facilities, drill meets, sport competitions, parades and perform community service.

Junior ROTC - Aerospace Science II

Course # J0002

Grades: 9-10
Duration: Year Course
Prerequisite: None
Location: CEHS

A United States Air Force JROTC program available only to full-time Clovis East High School students. The program offers citizenship education, leadership education, aviation history, cultural studies, science of flight, physical and biological sciences, and physical education. Students may take one or more years, and each year is completely different. Students are eligible for ROTC college scholarships, a chance to attend a service academy and with three years, advanced rank upon entry into the armed forces. Students may attend field trips to various aerospace facilities, drill meets, sport competitions, parades and perform community service.

Junior ROTC - Aerospace Science III

Course # J0003

Grades: 11-12
Duration: Year Course
Prerequisite: Aerospace Science 1 and/or 2
Location: CEHS

A United States Air Force JROTC program available only to full-time Clovis East High School students. The program offers life skills, leadership, management, career opportunities, astronomy, cultural studies, space science, physical education, and survival training. Students may take one or more years, and each year is completely different. Students are eligible for ROTC college scholarships, a chance to attend a service academy and with three years, advanced rank upon entry into the armed forces. Students may attend field trips to various aerospace facilities, drill meets, sport competitions, parades and perform community service.

Junior ROTC - Aerospace Science IV

Course # J0004

Grades: 11-12
Duration: Year Course
Prerequisite: Aerospace Science 1 and/or 2
Location: CEHS

A United States Air Force JROTC program available only to full-time Clovis East High School students. The program offers life skills, leadership, management, career opportunities, astronomy, cultural studies, space science, physical education, and survival training. Students may take one or more years, and each year is completely different. Students are eligible for ROTC college scholarships, a chance to attend a service academy and with three years, advanced rank upon entry into the armed forces. Students may attend field trips to various aerospace facilities, drill meets, sport competitions, parades and perform community service.

Newspaper Production AB

Course # 00004

Grades: 9-12
Duration: Year Course
Prerequisite: None
Location: CNHS

Newspaper Production is an elective class that takes the student through the entire publishing process. Writing, editing, layout, paste-up, proofreading, advertising, photography, printing, distribution and billing are all aspects that students will participate in completing to create students newspaper. It guides students in critical thinking and the journalistic process.

Nursery Assistant A

Course # 30097

Grades: 9-12
Duration: Semester Course
Prerequisite: None
Location: GHS

The Nursery assistants in the Youth Parent Program (YPP) are required to assist in providing student/parents with child care and parenting education to enable students to complete their high school education and to better care for their children. The parent and child education center is also utilized as a vocational training center for students desiring a career in the field of child development. Students are given the opportunity to study child development and work with infants and toddlers to prepare for future jobs and parenthood. Students are taught enrichment activities for children, positive discipline, good nutrition and health practices.

Office Assistant (Student Aid) A

Course # 00005

Grades: 11-12
Duration: Year Course, maximum of 20 credits (Pass/Fail)
Prerequisite: Approval of instructor, supervisor, and student's counselor
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS, E

Office Assistant (Student Aide) A provides an office work experience within the school setting. The student will need to possess or learn a number of clerical skills. Course will be granted on a pass/fail basis.

Peer Counseling AB

Course # 00016

Grades: 10-12 (9-12 @ BHS)
Duration: Year Course
Prerequisite: Application and selection committee process during the spring semester of each year
Location: BHS, CHS, CEHS, CNHS, CWHS, GHS

Peer Counseling AB is designed to teach basic counseling skills that enhance positive attitudes toward self and provide techniques that can be used to help other students build their interpersonal skills and communicate in appropriate ways and be connected to various school programs for assistance.

Service Leadership

Course # 00069

Grades: 11-12
Duration: Year Course
Prerequisite: Instructor approval
Location: BHS, CNHS

Service Based Leadership is a year-long course which emphasizes the purpose and importance of volunteer work. Students may take this course to provide their time and talents to the community or as a way to explore various potential career fields. Students will study the history of community service and look at modern day examples of companies that "give back." All students will volunteer a minimum of four hours per week.

Student Leadership

Course # 00007

Grades: 9-12
Duration: Year Course
Prerequisite: Student Body officers, class presidents or vice-presidents, and other student leaders with approval of Activities Director
Location: BHS, CHS, CEHS, CNHS, CWHS, COS, E

Student Leadership AB is a Year Course which develops the organizational, motivational, and academic skills of the course participants. Activities within the school, district, community, and state provide students with a myriad of educational experiences. Emphasis is placed on student-conceived and student-organized programs. Students learn skills in communication and problem solving.

Study Skills

Course # 00008

Grades: 9-12
Duration: Year Course
Prerequisite: Instructor/Counselor recommendation
Location: BHS, CHS, CNHS, CWHS, CEHS, GHS, E, CCDS, COS

Study Skills provides an opportunity for student to participate in acquisition of those skills necessary to organize their time, to use textbooks and library facilities efficiently, to make decisions which optimize success in high school and the future, and to take notes efficiently.

Tutoring AB

Course # 00009

Grades: 9-12
Duration: Year Course
Prerequisite: Instructor/Counselor recommendation
Location: BHS, CNHS, CWHS, GHS, E, CCDS, COS

Tutoring AB provides the opportunity for high school students to work with younger students in a classroom setting. The tutor may work one-on-one, in small groups or in providing assistance to the teacher.

SPECIAL EDUCATION

The Special Education Departments at various high school sites provide a continuum of services to meet the needs of students with identified disabilities. The Individualized Education Program developed by the IEP team will determine the necessary support/services for students with exceptional needs. The Individual Education Program provides options within the Resource Specialist Program, Vocational Certificate Program, Functional Life Skills Program or Adolescent Intervention Program or Special Day Class Program.

The Resource Specialist Program (RSP) provides services designed to accommodate special needs students who are capable of meeting the state and district approved standards for graduation with a diploma. Students who receive RSP services may be served through consultation, or supported classrooms as determined by the student's Individual Education Program. Students receiving consultation or supported classroom RSP services are instructed in the general education classrooms by general education teachers and special education staff to provide appropriate instruction and accommodations for the student in the general education curriculum.

The Vocational Certificate Program uses an alternative curriculum to prepare students for the workforce upon leaving high school. It focuses on academics that match student abilities and interests as well as providing skills needed for the future. Through this program, students will have the opportunity to develop prevocational and independent skills that will prepare them to be successful, productive and self-sufficient members of their community. Upon completion of the Vocational Certificate Program, students will earn a Vocational Competency Certificate and Vocational Competency Checklist based on skills mastered for the Secretaries Commission on Achieving Necessary Skills (SCANS).

The Functional Life Skills Program uses an alternative curriculum designed for students with disabilities whose educational needs cannot be met through the Clovis Unified School District's general education curriculum frameworks. Students in this program must complete the minimum number of units required by each high school to earn a Certificate of Completion. Coursework includes P.E., English, Math, Occupational Guidance, Daily Living, and Personal/Social Skills.

The Adolescent Intervention Program (AIP) is a highly structured and restrictive therapeutic program designed for high school aged students with severe social, emotional, and behavior needs. These students require a high level of structure and supervision which is not feasible in the general education classroom. Students in this program have the option of earning a diploma, a Vocational Competency or a Certificate of Completion based on the student's Individual Education Program.

The Special Day Class for students with Severe Disabilities (SD) provides specialized academic instruction and services to students with severe disabilities while utilizing an interdisciplinary team approach. Program emphasis is to teach students using evidence-based practices in the areas of pre-academics/functional academics, vocational, self-help, social, and recreation/leisure. Nursing, adaptive PE, language/speech therapy, psychology, occupational therapy, physical therapy, assistive technology, and positive behavior interventions are accessed, as appropriate, and provided through daily activities and consultation. Strategies are used to develop functional communication and adaptive skills. The curriculum targets necessary skills for increasing individual performance; thus, allowing each student to progress at his/her rate. Upon completion of the program, the student earns a Letter of Recommendation.

Refer to your student's case manager for more specific information regarding your child's special education classes.

CAREER TECHNICAL EDUCATION (CTE) PATHWAYS

(*) Two-period course

Agricultural Mechanics (CEHS)	
Pathway Course	Description
Ag Engineering I	Grade: 9 Prerequisite: None Course # 39007.CTE Studies include the introduction of the Ag Mechanics and engineering industry in the areas of welding, woodworking, electrical wiring, plumbing, and other related fields.
Ag Engineering II (P)	Meets UC A-G "G" Requirement Grade: 10 Prerequisite: None Course # 39020.CTE Studies include a continuation of Ag Mechanics I, computer aided drafting, plasma arc cutting, fabrication techniques, and project design.
Ag Engineering III	Grade: 11 Prerequisite: Ag Mechanics and Engineering II with a "C" grade or higher Course # 39021.CTE Studies include advanced welding procedures, electrical wiring principles, budgets, and building projects.
Biology & Sustainable Ag (P)	Meets UC A-G "D" Requirement Grades: 9-12 Prerequisite: Ag Mechanics and Engineering I with a "C" grade or higher Course # 35D01.CTE Studies include plant and animal life, their relationship to one another, and to humans in their environment. Using agriculture as the model this class takes biology to the applied level.
Chemistry and Agriscience (P)	Meets UC A-G "D" Requirement Grades: 10-11 Prerequisite: Agricultural Biology, Biology or Honors Biology Course # 35D02.CTE Studies include the exploration of the physical and chemical nature of soil as well as the relationships between soil, plants, animals and agricultural practices.
*ROP Welding Processes and Fabrication	Grades: 11-12 Prerequisite: Ag Mechanics and Engineering, II or Welding Fabrication and Application recommended Course # R3029 This course emphasizes welding and fabrication skills including non-ferrous metals, advanced phases of Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), and Gas Tungsten Arc Welding (GTAW). The primary emphasis is on using equipment in all positions of welding with the application of welding skills learned through project fabrication, repair, and industry procedure. Prerequisite: Ag Mechanics and Engineering, II or Welding Fabrication and Application recommended.

Agricultural Science (CEHS)

<i>Pathway Course</i>	<i>Description</i>
Adv. Inter-disciplinary Science for Sustainable Agriculture (HP)	<p>Meets UC A-G “D” Requirement – UC Honors Course Course # 35D03.CTE Grades: 11-12 Prerequisite: Prerequisite: Successful completion of life science and physical science</p> <p>Studies include the design systems and experiments to solve agricultural management issues currently facing the industry.</p>
Agricultural Science 1	<p>Grades: 9-10 Course # 35001.CTE Prerequisite: None</p> <p>This course is designed for the student interested in the field of agriculture. Topics covered include animal science, plant science, ornamental horticulture, public speaking, record keeping, parliamentary procedures, agricultural organization, judging competitions, and the Future Farmers of America. This course fulfills the CUSD graduation requirement for life science.</p>
Agricultural Earth Science (P)	<p>Meets UC A-G “G” Requirement Course # 35G01.CTE Grades: 9-12 Prerequisite: None</p> <p>This is a college preparatory science course designed to provide students with quantitative analysis and experimental tools that will enable them to critically analyze content knowledge in the areas of geology, meteorology, oceanography, and astronomy.</p>
AP Environmental Science (HP)	<p>Meets UC A-G “G” Requirement Course # 55728.CTE Grades: 10-12 Prerequisite: Biology, or AP Biology, Chemistry, AP Chemistry, Math 1 and Math 2</p> <p>This class prepares students to pass the national exam for AP Environmental Science for college placement and/or credit. Topics include energy flow, cycling of matter, geological activities, atmosphere chemistry, and other relevant topics. This is a rigorous science course that stresses scientific principles, concepts, and theologies required to understand the interrelationships of the natural world.</p>
Biology & Sustainable Ag (P)	<p>Meets UC A-G “D” Requirement Course # 35D01.CTE Grades: 9-12 Prerequisite: None</p> <p>Studies include plant and animal life, their relationship to one another, and to humans in their environment. Using agriculture as the model this class takes biology to the applied level.</p>
Chemistry and Agriscience (P)	<p>Meets UC A-G “D” Requirement Course # 35D02.CTE Grades: 10-11 Prerequisite: Agricultural Biology, Biology or Honors Biology</p> <p>Studies include the exploration of the physical and chemical nature of soil as well as the relationships between soil, plants, animals and agricultural practices.</p>
Food Science (P)	<p>Meets UC A-G “G” Requirement Course # 33G08.CTE Grade: 11 Prerequisite: Math 1, Ag Biology or Biology</p> <p>Studies include the application of the fundamental scientific principles to the research, development, manufacturing, packaging, storage, and marketing of food products.</p>

Animal Science (CEHS)

<i>Pathway Course</i>	<i>Description</i>
Agricultural Science 1	<p>Grades: 9-10 Course # 35001.CTE Prerequisite: None</p> <p>This course is designed for the student interested in the field of agriculture. Topics covered include animal science, plant science, ornamental horticulture, public speaking, record keeping, parliamentary procedures, agricultural organization, judging competitions, and the Future Farmers of America. This course fulfills the CUSD graduation for life science.</p>
Biology & Sustainable Ag (P)	<p>Meets UC A-G “D” Requirement Course # 35D01.CTE Grades: 9-12 Prerequisite: None</p> <p>Studies include plant and animal life, their relationship to one another, and to humans in their environment. Using agriculture as the model this class takes biology to the applied level.</p>

Animal Science (CEHS) *Continued*

<i>Pathway Course</i>	<i>Description</i>
CDE Animal Science (P)	<p>Meets UC A-G "G" Requirement Course # 35G02.CTE Grades: 11-12 Prerequisite: Successful completion of Algebra 1, Biology 1AB or Ag Biology</p> <p>Studies include the principles of animal science focusing on areas of livestock (mammalian) production, anatomy, physiology, reproduction, nutrition, respiration, and genetics.</p>
Chemistry and Agriscience (P)	<p>Meets UC A-G "D" Requirement Course # 35D02.CTE Grades: 10-11 Prerequisite: Agricultural Biology, Biology or Honors Biology</p> <p>Studies include the exploration of the physical and chemical nature of soil as well as the relationships between soil, plants, animals and agricultural practices.</p>
*ROP Veterinary Science (P)	<p>Meets UC A-G "G" Requirement Course # R9986 Grades: 11-12 Prerequisite: Biology (P)</p> <p>Studies include entry level skills to work in animal care facilities. Students will receive instruction in the identification of animal breeds, proper health, and safety procedures. Prerequisite:</p>

Design, Visual, & Media Arts (BHS)

<i>Pathway Course</i>	<i>Description</i>
Introduction to Digital Photography (P)	<p>Meets UC A-G "F" Requirement Course # 77F09.CTE Grade: 10 Prerequisite: None</p> <p>This is an introduction course to digital photography. Topics include digital camera operations, lighting technique, aesthetics, Photoshop, Light-room, and portfolio development. This course will also cover art history topics to include a brief history of photography, contemporary photography, and commercial photographers. Students will explore exposure systems using aperture, shutter speed, and ISO combinations. Digital cameras with adjustable f-stops and shutter speeds, memory cards, and re-writable memory devices (SD cards and flash drives) will be used.</p>
*ROP Journalism & Publishing	<p>Grades: 11-12 Course # R3004 Prerequisite: Teacher approval – This class is for BHS students only</p> <p>Through this course, students demonstrate their skills in the art of writing and production. All forms of journalistic writing and layout design are covered to produce student publications. A major project for the students is to design, publish, and market the Buchanan High School yearbook. This class is paired with English 11 or 12.</p>
*ROP Publishing Management	<p>Grades: 11-12 Course # R9079 Prerequisite: 10th grade English and permission of instructor</p> <p>Through this course, students will demonstrate their advanced skills in the art of writing and managing a publication. Newspaper, magazine, and anthology styles of journalistic writing and graphic design will be covered to produce student publications.</p>

Education (BHS, CEHS, CHS, CNHS, CWHS)

<i>Pathway Course</i>	<i>Description</i>
Exploration of Child and Adolescent Literature (HP)	<p>Meets UC A-G "B" Requirement – Honors Course Course # 22B10.CTE Grade: 10 Prerequisite: A 2.50 grade point average or higher, AND at least one of the following: Member of Educators Rising, completion of writing workshop, participant in summer enrichment activities offered to education pathway students, completion of IS 15 (Computer Concepts at Clovis Community College) with a "C" grade or higher, or recommendation by teacher pathway instructor</p> <p>Exploration of Child and Adolescent Literature is a grade 10 English Language Arts college preparatory course integrated with the Education Pathway standards. This course allows students to utilize Language Arts skills to investigate and evaluate the value and purpose of world literature for children and adolescents. Students synthesize their knowledge of the developmental stages of physical, intellectual, social, and emotional (PIES) development with their understanding of appropriate teaching materials and readings for each of the stages (will be addressed in each unit).</p>
Contemporary Issues in Education (HP)	<p>Meets UC A-G "B" Requirement – Honors Course Course # 22B11.CTE Grade: 11 Prerequisite: A 2.50 grade point average or higher</p> <p>Contemporary Issues in Education is a college preparatory eleventh grade English course integrated with the Education pathway standards of the Education, Child Development, and Family Services sector, which allows students to see where the skills of English intersect with the elements of education. Students conduct research, closely read and analyze complex texts, evaluate instructional methodology and philosophy, and create a portfolio of reflections, activities, and compositions that, when synthesized, serve as the foundation for three capstone projects.</p>
*ROP Careers with Children	<p>Grades: 11-12 Course # R9081 Prerequisite: Excellent attendance and citizenship</p> <p>Studies include the preparation to work in fields dealing with young children, and development stages of children before birth to age 12. Students gain firsthand experience through classroom and worksite learning, job shadowing, and tours that enable them to determine the benefits of an education-related career. .</p>
*ROP Educational Careers	<p>Grades: 11-12 Course # R9046 Prerequisite: Grade of "C" or better in English 10, and English11. Excellent attendance and behavior records in previous grade levels required</p> <p>Studies include the nature and scope of the school system, the duties and opportunities of the professional teacher, factors relative to success in teaching, and credentialing requirements. This class is paired with English 11 or 12.</p>

Emergency Response (CEHS)

<i>Pathway Course</i>	<i>Description</i>
*ROP Fire Fighting Technology I	<p>Grades: 11-12 Course # R3018 Prerequisite: Emergency Medical Responders recommended</p> <p>Studies include preparing students for firefighting and related tasks. Students learn about firefighting organizations, use and handling of equipment, protection and safety, fire behavior and extinguishing methods.</p>
*ROP Fire Fighting Technology II	<p>Grade: 12 Course # R3028 Prerequisite: Fire Fighting Technology I</p> <p>Studies include the reinforcement of concepts from Fire Fighting Technology I and an increasing emphasis on leadership.</p>

Environmental Engineering (BHS)

<i>Pathway Course</i>	<i>Description</i>
Chemistry/ Environmental Engineering – Water (P)	<p>Meets UC A-G “D” Requirement Course # 55D20.CTE Grades: 9-11 Prerequisite: Math 1</p> <p>Studies include the resolution to environmental engineering problems related to water and its interactions with the environment. Students will use a systems-based approach to understand that all environmental systems consist of matter and will apply this knowledge to solving current and future global water issues.</p>
Introduction to Engineering Design (P)	<p>Meets UC A-G “G” Requirement Course # 35G04.CTE Grades: 9-12 Prerequisite: Math 1</p> <p>This is a high school level foundation course in the PLTW Engineering Program. Students are introduced to the engineering profession and a common approach to the solution of engineering problems, an engineering design process. Students will solve open-ended projects and problems that require them to develop planning, documentation, communication, and other professional skills. They will practice common engineering design and will develop skill in technical representation and documentation of design solutions according to accepted technical standards.</p>
Principles of Engineering (P)	<p>Meets UC A-G “G” Requirement Course # 55D22.CTE Grades: 11-12 Prerequisite: Introduction to Engineering Design</p> <p>This survey course exposes students to some of the major concepts that they will encounter in a postsecondary engineering course of study. Through problems that engage and challenge, students explore a broad range of engineering topics including mechanisms, strength of materials and structures, automation, and kinematics. The course applies and concurrently develops secondary level knowledge and skills in mathematics, science, and technology.</p>

Environmental Resources (BHS)

<i>Pathway Course</i>	<i>Description</i>
Biological Links to Energy and Environment (P)	<p>Meets UC A-G “D” Requirement Course # 55D21.CTE Grades: 9-10 Prerequisite: None</p> <p>Studies include the biological exploration of cellular biology and the variety of chemical reactions that occur in specialized areas of organism cells.</p>
Energy Technology With Industry Applications (P)	<p>Meets UC A-G “G” Requirement Course # 55G01.CTE Grades: 11-12 Prerequisite: Completion of Math 1, Biology, and English 9. Permission of instructor</p> <p>Studies include the history and development of power production and transmission in the United States.</p>
Environmental Sustainability (P)	<p>Meets UC A-G “G” Requirement Course # 55G05.CTE Grades: 10-12 Prerequisite: Biology or Biological Links to Energy & Environment, and Math I</p> <p>This is a high school-level specialization course in Project Lead The Way (PLTW) Engineering. Students investigate a design solution to solve real-world challenges related to clean water, a stable food supply, and renewable energy. Students are introduced to environmental issues and use the engineering design process to research and design potential solutions.</p>

Financial Services (CWHS)

<i>Pathway Course</i>	<i>Description</i>
Business & Financial Services Internship (P)	<p>Meets UC A-G “G” Requirement Course # 33G16.CTE Grades: 11-12 Prerequisite: Financial Literacy</p> <p>This course outlines concepts pertaining to a variety of business, related financial services. Students learn processes for loans, credit, and payment services to business and individuals. In addition, money and banking, lending fundamentals, and federal regulations are explored.</p>
Computer Applications	<p>Grades: 9-12 Course # 39013.CTE Prerequisite: None</p> <p>This course is designed for students who desire keyboarding skills for college and personal use. Students will learn keyboard and word processing applications, databases, spreadsheets, graphics, and basic desktop publishing skills.</p>
Financial Literacy (P)	<p>Meets UC A-G “G” Requirement Course # 33G14.CTE Grades: 10-12 Prerequisite: Computer Applications or demonstration of readiness</p> <p>This course provides background and knowledge of essential, necessary financial skills for all students. It is designed to inform, alert, and educate students in the concepts of personal finance and money management. Core concepts enable students to implement decision-making skills necessary to become wise, knowledgeable consumers, savers, investors, users of credit, money managers, citizens, and members of a global workforce and society.</p>
Introduction to Finance (P)	<p>Meets UC A-G “G” Requirement Course # 33615.CTE Grades: 11-12 Prerequisite: Financial Literacy</p> <p>This course provides students with the foundational knowledge and skills to make effective financial decisions, use career information, and manage career plans. Within this course, students practice the essential knowledge and skills common to all pathways in the Business and Finance Industry Sector, including cash management technique, the role of managerial accounting and use of planning and control principles to evaluate an organization. Communication skills and basic mathematical concepts are reinforced in this course.</p>
*ROP Small Business Management	<p>Grades: 11-12 Course # R9095 Prerequisite: Keyboarding and computer experience is helpful</p> <p>Studies include the development of both business and marketing plans essential to the operation of a successful business.</p>

Food Service and Hospitality (BHS)

<i>Pathway Course</i>	<i>Description</i>
Food Science and Nutrition (P)	<p>Meets UC A-G “G” Requirement Course # 33G11.CTE Grades: 9-12 Prerequisite: None</p> <p>Studies include an introduction to basic terms, safety, recipes, measurement and nutrition. Areas of emphasis include fruits and vegetables, milk and dairy products, breads, desserts and meat preparation.</p>
Hospitality Management I (P)	<p>Meets UC A-G “G” Requirement Course # 33G10.CTE Grades: 9-12 Prerequisite: None</p> <p>Studies include the evolution of the hospitality industry and how it is currently stratified. Organizational systems, management and career opportunities/salaries will be examined.</p>
*ROP Culinary Arts	<p>Grades: 11-12 Course # R3017 Prerequisite: Recommended Hospitality Management I</p> <p>Studies include the exploration of the food industry that employs over 20 million people. Recipe development, meal planning, and preparation, culinary fundamentals, ingredients, nutrition, and presentation.</p>

Patient Care (BHS, CEHS, CNHS)

<i>Pathway Course</i>	<i>Description</i>
Medical Health Careers (P)	<p>Meets UC A-G "G" Requirement Course # 33G17.CTE Grades: 10-12 Prerequisite: Successful completion of Biology with a "C" grade or higher or concurrent enrollment in Biology</p> <p>This course is designed to allow students to explore careers in the medical health career arena with a focus on knowledge and skills required for entry level employment. Students will be introduced to health care with an emphasis on core skills and knowledge applicable to a variety of the health professions.</p>
*ROP Medical Careers	<p>Grade: 10 Course # R3019 Prerequisite: Completion of Biology (P) with a grade of "C" or higher</p> <p>Studies include learning of transferable skills related to entry-level health occupations, exploration of career options in the health industry, and becoming knowledgeable of post-secondary educational requirements.</p>
*ROP Principles of Athletic Training	<p>Grades: 11-12 Course # R9065 Prerequisite: None</p> <p>Studies include instruction and practice in the skills and techniques necessary for the prevention and care of athletic injuries and also instruction in medical terminology, physical anatomy, and first aid/CPR.</p>
*ROP Sports Medicine/Fitness (P)	<p>Meets UC A-G "G" Requirement Course # R5045 Grades: 11-12 Prerequisite: Completion of Biology with a grade of "C" or higher</p> <p>This course will allow students to gain practical experience learning to work in physical therapy, fitness and athletic training settings. The course empowers the student with the healing and conditioning process resulting from methods used in physical therapy and physical conditioning of the human body.</p>
*ROP Rehabilitation Therapy Careers	<p>Grade: 10 Course # R3G03 Prerequisite: Biology, and Anatomy & Physiology are required</p> <p>This course is designed to provide the student with opportunities to learn transferable skills related to entry-level occupational and physical therapy occupations, explore career options, and become knowledgeable with post-secondary educational requirements as related to such career options. The course introduces the student to therapy careers including occupational therapy, physical therapy, and other prominent therapy careers, placing an emphasis on a set of core skills and knowledge applicable to many health care disciplines; desirable employment attributes and job-seeking skills are addressed.</p>

Performing Arts (CWHS)

<i>Pathway Course</i>	<i>Description</i>
Drama 2 Technical Theater (P)	<p>Meets UC A-G "F" Requirement Course # 88F02.CTE Grades: 10-11 Prerequisite: Drama 1 with "B" or higher, or permission of instructor</p> <p>The student will study and apply the principles of group dynamics and collaboration during the pre-production through post production process of Theatrical Production. This course provides instruction in the implementation of theatrical designs for sets, lights, sound, properties, costumes, and makeup.</p>
*ROP Theater Production	<p>Grades: 11-12 Course # R9073 Prerequisite: Drama 1 with "B" or higher, or permission of instructor</p> <p>Students create entire stage productions from acting methodology to stage design. Stage craft aspects include heavy lifting, and the use power tools including: power saws, jigsaws, pneumatic staplers, ladders. Play production writing aspects include: writing a play, directing and producing, financing, stage designing, lighting, sound, costuming, publicity, performance, take down, and writing performance critiques. This class is paired with English 11 or English 12.</p>

Plant & Soil Science (CEHS)

<i>Pathway Course</i>	<i>Description</i>
Advanced Floral Design (P)	<p>Pending UC A-G “G” Requirement Course # 33F01.CTE Grades: 11-12 Prerequisite: The Art and History of Floral Design</p> <p>This course will build upon the prerequisite course, The Art and History of Floral Design. Advanced Floral Design will increase the focus on the art design, handling of cut flowers, the mechanics of floral design, and the effects of retail in the floral industry. Students will learn about building and designing displays, advertising, marketing, pricing and sales. Students will also develop floral design skills for use in industries such as wedding, sympathy, and event floral work.</p>
The Art and History of Floral Design (P)	<p>Meets UC A-G “G” Requirement Course # 77505.CTE Grades: 9-10 Prerequisite: None</p> <p>Studies include the application and artistic approach to floral design. This class involves the fundamentals of floral design theory, techniques, and skills currently practiced in the floral design industry.</p>
Biology & Sustainable Ag (P)	<p>Meets UC A-G “D” Requirement Course # 35D01.CTE Grades: 9-12 Prerequisite: None</p> <p>Studies include plant and animal life, their relationship to one another, and to humans in their environment. Using agriculture as the model this class takes biology to the applied level.</p>
Chemistry and Agriscience (P)	<p>Meets UC A-G “D” Requirement Course # 35D02.CTE Grades: 10-11 Prerequisite: Agricultural Biology, Biology or Honors Biology</p> <p>Studies include the exploration of the physical and chemical nature of soil as well as the relationships between soil, plants, animals and agricultural practices.</p>
Plant Production Management (P)	<p>Meets UC A-G “G” Requirement Course # 33G12.CTE Grades: 11-12 Prerequisite: Sustainable Agriculture Biology, Agriculture Soil and Chemistry, and Botany</p> <p>This course encompasses learning the farming practices of row crops, orchard production, vineyard production, safe transport methods, quality control and fresh fruit grading/evaluations. At the conclusion of the year, students will have an opportunity to market and sell the produce/ projects at the McFarlane-Coffman Agriculture Center.</p>

Production and Managerial Arts (BHS)

<i>Pathway Course</i>	<i>Description</i>
Digital Film Making (P)	<p>Meets UC A-G “F” Requirement Course # 77508.CTE Grade: 10 Prerequisite: None</p> <p>This is an introduction course to digital photography. Topics include digital camera operations, lighting technique, aesthetics, Photoshop, Light-room, and portfolio development. Students will explore exposure systems using aperture, shutter speed, and ISO combinations.</p>
Videography	<p>Meets UC A-G “F” Requirement Course # 77G01.CTE Grades: 9-12 Prerequisite: Good citizenship and attendance</p> <p>Videography 1 is an introduction course that emphasizes and develops critical thinking skills by exploring the influence of design principles, historically significant art forms from various genres, and the production process of films and television programming.</p>
*ROP Videography- Animation & Multi Media Production (P)	<p>Meets UC A-G “F” Requirement Course # R7301 Grades: 10-12 Prerequisite: Recommended Videography 1</p> <p>Studies include the artistry and technical elements of filmmaking. Students will be introduced to the theory of films and filmmaking and be expected, in writing, to analyze, describe and breakdown the elements of shot, a scene, and sequence.</p>

Public Safety (CEHS)

<i>Pathway Course</i>	<i>Description</i>
*ROP Criminal Investigation	Grades: 11-12 Prerequisite: Grade of "C" or higher in English 10, and English 11 Course # R9094 Studies include an awareness of the various components of criminal investigation, with emphasis placed on the development of attitudes, skills and competencies related to criminal investigation.
*ROP Criminal Justice	Grades: 11-12 Prerequisite: Grade of "C" or higher in English 10, and English 11 Course # R9048 Studies include the awareness of career options (attorney, police officer, probation officer) and information in the area of law enforcement and private security for interested students.

Residential and Commercial Construction (CHS)

<i>Pathway Course</i>	<i>Description</i>
Basic Metal Manufacturing	Grades: 10-12 Prerequisite: None Course # 30073.CTE Studies include the basic principles of metal welding and forming to finish construction projects.
Construction Technology 1 – Introduction	Grades: 9-12 Prerequisite: Completion of Math 1 or concurrent enrollment Course # 33G04.CTE Studies are designed to involve students in projects and problem-based learning experiences that introduce the world of construction.
Construction Technology Foundation 2	Grades: 10-12 Prerequisite: Successful completion of Construction Technology I – Introduction Course # 33005.CTE Studies include the fundamental and requisite skills for specialty areas such as; project design, estimation, blueprint reading, framing, bricklaying, and concrete masonry.
*ROP Building Scaled Structures (P)	Meets UC A-G "G" Requirement Grades: 11-12 Prerequisite: 1 year Construction Technology; concurrent enrollment in Math II Course # R3G01 This course has been developed to integrate skills and concepts from the Building and Construction trades with applied mathematics and English. As a natural progression, students will apply the craft skills required to design and build a variety of scaled structures that meet current code requirements. In addition, students will make real-world connections between construction, math, and English using written projects, construction documents that include creating blueprints, project packets, and student-centered construction projects.
*ROP Electrical Systems – Sound and Communication	Grades: 11-12 Prerequisite: Computer Networking and Technology recommended Course # R3021 Studies include the exploration of computers and computer networks, video security surveillance, burglar alarms, fire alarms, and an assortment of electronic systems.

Software and Systems Development (CNHS)

<i>Pathway Course</i>	<i>Description</i>
AP Computer Science A (HP)	<p>Meets UC A-G “G” Requirement Grades: 11-12 Prerequisite: Math 3 with grade “B” or higher</p> <p>This course is an introduction to computer science using Java programming language. Successful completion of this course will prepare students for the AP College Board exam in May.</p> <p style="text-align: right;">Course # 44908.CTE</p>
Computer Application 7	<p>Grade: 7 Prerequisite: None</p> <p>This is an introductory course where students will learn foundational computer application programs to support their learning and demonstration of knowledge on their core academic classes and strategies for appropriate online communication. Students will understand the National Technology in Education Standards (NETS) and meet proficiency requirements through the use of worksheets, quizzes, tests, and projects.</p> <p style="text-align: right;">Course # 31007.CTE</p>
Computer Application 8	<p>Grade: 8 Prerequisite: None</p> <p>Students will learn basic programming skills, web design, computing and data analysis, robotics, advanced research skills, photography, and videography. Students will understand the National Technology in Education Standards (NETS) and meet proficiency requirements through the use of worksheets, quizzes, tests, and projects.</p> <p style="text-align: right;">Course # 31008.CTE</p>
Exploring Computer Science (P)	<p>Meets UC A-G “G” Requirement Grades: 9-10 Prerequisite: Math 1, grade “B” or higher</p> <p>Exploring Computer Science is a yearlong course consisting of six units, approximately six weeks each. The course was developed around a framework of both computer science content and computational practice. Assignments and instruction are contextualized to be socially relevant and meaningful for diverse students.</p> <p style="text-align: right;">Course # 43G01.CTE</p>
Principles of Engineering & Robotics (P)	<p>Meets UC A-G “G” Requirement Grades: 10-12 Prerequisite: None</p> <p>Principles of Engineering will be provided a systems approach to Robotic Engineering. Students will learn computer-aided design, programming, basic electricity, and fabrication skills needed to design, build, and test robots. Coursework in these areas will be focused around the FIRST Robotics Competition. This course explores the interaction of science and technology designed to interest students in the field of robotics and motivate them to pursue advanced education in science and engineering.</p> <p style="text-align: right;">Course # 35G03.CTE</p>
Robotics 7, 8	<p>Grades: 7-8 Prerequisite: If there is a school based FTC team, students may not be on any other FTC team. It is not a requirement to be on the school-based team</p> <p>Students will learn the appropriate safety protocols for the classroom and shop. Students are certified, then matriculate through Unit 2 – The Introduction to Robotics. Students work in groups to deconstruct a robotics game challenge and present each component to the class and begin to design their robot.</p> <p style="text-align: right;">Course # 51001.CTE</p>

Systems, Diagnostics, Service, & Repair (CHS, CWHS)

<i>Pathway Course</i>	<i>Description</i>
Auto 2	<p>Grades: 10-12 Course # 30088.CTE Prerequisite: Basic Auto 1 with grade of "C" or higher</p> <p>Studies include the principles of engines, chassis, electrical systems, brake, and suspension systems.</p>
Auto 3	<p>Grades: 10-12 Course # 30089.CTE Prerequisite: Auto 2 with grade of "C" or higher</p> <p>This is a year-long course covering two related areas of the automobile electrical systems and engine performance. One part of the course deals with electrical needs of the automobile and related components. It involves detailed study of electrical fundamentals: starting, charging, ignition, lighting and auxiliary systems. Engine performance deals with the principles of engine compression, ignition, and carburetion. Students will learn to work with electrical test equipment commonly used in the industry.</p>
Basic Auto	<p>Grades: 9-12 Course # 30087.CTE Prerequisite: None</p> <p>This course provides students with the information and activities which will stimulate understanding of the automobile and the automotive industry. It covers information regarding components of the automobile and how they work together, as well as general principles, and basic service.</p>
*ROP Engine Technology	<p>Grades: 11-12 Course # R3010 Prerequisite: Basic Auto or Auto 2 recommended</p> <p>Students gain practical, hands-on experience in diagnosing, trouble-shooting, and servicing procedures in the automotive field with particular emphasis on engine service and repair. The course also covers the shop practice of maintenance and repair in the following areas: drive trains, axles, suspension, steering, brakes, and air conditioning. Students develop their skills through classroom instruction and a series of assigned projects. This automotive program has an extraordinary distinction - - It is certified by the National Automotive Technician Education Foundation (NATEF).</p>
*ROP Auto Systems Technology	<p>Grades: 11-12 Course # R3002 Prerequisite: Basic Auto or Auto 2 recommended</p> <p>Students gain practical, hands-on experience in diagnosing, trouble-shooting, and servicing procedures in the automotive field with particular emphasis on engine service and repair. The course also covers the shop practice of maintenance and repair in the following areas: drive trains, axles, suspension, steering, brakes, and air conditioning. Students develop their skills through classroom instruction and a series of assigned projects. This automotive program has an extraordinary distinction - - It is certified by the National Automotive Technician Education Foundation (NATEF).</p>

CENTER FOR ADVANCED RESEARCH AND TECHNOLOGY (CART)

CART offers a half-day program for juniors and seniors. Students choose a career-focused lab that offers integrated curriculum which is project-based, features community involvement and use of technology. Students work in groups and interact with mentors from the community, all while making progress towards graduation and college.

School For Your Future

Project Based Learning
Career Experiences
Industry Certifications

Integrated Curriculum
CTE
Community Projects

Business Partnerships
College Prep Coursework
CSU Unitrack College Credit

Half-Day Sessions Available to Juniors and Seniors

COURSE CREDITS

English (all labs) Science or Social Science (most labs) Career Focus Course
(UC approved or earn industry certifications)

CART Technology

PRE-REQUISITES FOR APPLICATION

Successful completion of Biology, Math I, and two years of English
Regular attendance
On track for graduation
Permission of high school counselor and parent
Additional pre-requisites for some labs

HALF-DAY SESSIONS

Morning Session - 7:30 - 10:30 am
Afternoon Session - 12:30 - 3:30 pm
Transportation provided to and from each home school

2555 Clovis Avenue, Clovis, CA 93612

559-248-7400

www.cart.org

www.facebook.com/cartschool

CART LABS

Biomedicine Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)

Clinical Anatomy/Physiology (P)

Advanced Topics in Medicine (P)

CART Technology Applications

Sponsored by Community Medical Centers

Students explore issues in medical science and human anatomy/physiology through their involvement in dissections, medical case studies, and research projects. Students investigate how a healthy body functions and how it reacts to disease. Students will explore medical careers by working with various medical professionals. Required prerequisites: "C" or better in Biology, Chemistry Algebra 1 and English. Minimum 2.5 GPA.

Biotechnology Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)

Chemistry (P) or

Advance Sci Topics (HP)

Bioengineering (P)

CART Technology Applications

Sponsored by Kaiser Permanente

Get the inside track on one of the fastest growing industries. Using state-of-the-art technology, students will develop potential pharmaceutical drugs and test them, genetically engineer bacteria, perform DNA fingerprinting, extract and copy DNA, explore questions related to genetic, infectious and other types of disease, look closely at environmental health issues, and wrestle with difficult ethical considerations related to cloning, stem cells, gene therapy, and genetically modified foods. Recommended prerequisites: "C" or better in English, Algebra 1 and Biology.

Business and Finance Lab (AM Only)

Program includes:

English 11 (P) or Exp. English 12 (HP)

US History (P) or Government and Economics (P)

Global Economics and Finance (P, U) (ROP)

CART Technology Applications

Learn to manage and invest money. Learn to be your own boss in a business you create. Students study human behaviors of producing, distributing, and consuming materials, goods, and services in a world of limited resources. They learn how the financial services industry works as they strengthen the analytical, technical and communication skills needed to succeed in any economy.

Cybersecurity Lab

Program includes: English 11 (P) or Exp. English 12 (HP)

Cybersecurity I (2 periods) (ROP)

CART Technology Students will learn to design, build, secure, and analyze both home and smb (small to medium business) computer networks, media centers, and security systems; students will also investigate an understanding of the IoT (internet of things). Through projects and hands-on activities, students will explore the relationship between modems, routers, switches, cables, wireless access points, servers, and attached peripherals. This lab will also offer: CIW's NTA (network technology associate) & WSA (web security associate) certifications, and Comptia's A+ & Security + certifications.

Engineering and Product Development Lab (AM Only)

Program includes:

English 11 (P) or Exp. English 12 (HP)

Physics and Technology (P)

Product Development I (P) (ROP)

CART Technology Applications

Sponsored by Grundfos-ROP (AM only)

Knowledge, imagination, and skills are used to create solutions to engineering problems faced by our society. Solidworks software will allow students to create a design concept on the computer and produce a prototype on state of the art rapid prototyping machines.

Environmental Science and Field Research Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)

Chemistry (P) or Zoology (P)

Environmental Research and Technology (P, U) (ROP)

CART Technology Applications

Sponsored by Grundfos

Students take part in several field trips in order to experience the San Joaquin Valley, San Joaquin River, Pacific Coast, and the Sierra Nevada Mountains. Students will carry out hands on projects relating to careers in marine biology, wildlife rehabilitation, air quality, river ecology, alternative energy, and forests. Students will have the opportunity to work with environmental professionals and government agencies to complete scientific projects. Some examples are growing native plants, restoring native wildlife habitat, rehabilitating injured and orphaned wildlife species, monitoring forests, experimenting in wetlands and conducting studies of tide pools and beaches.

Hospitality and Event Management Lab (PM Only)

Program includes:

English 11 (P) or Exp. English 12 (HP)

Government and Economics (P) or

US History (P)

Global Economics and Finance (P) U, ROP

CART Technology Applications

Enter the world of event planning through the doors of Hospitality and Event Management. Students will learn about the skills and knowledge needed to begin careers in Hotel and Restaurant Management; Special Event Planning and Recreation and Tourism.

Interactive Game Design Lab

Students take:

•**English 11 (P) or Exp. English 12 (HP)**

•**Interactive Game Design (2 periods) (CTE)**

•CART Technology Applications Game Design requires skills in a number of areas including graphic design, programming, audio, animation, and modeling. All students have the opportunity to learn about each of these areas while working in teams to create original games and characters rendered in both two and three dimensions. Students are introduced to industry standard software such as 3D Studio Max, XNA Game Studio, Unreal, Flash and Photoshop. Recommended Prerequisites: Database, programming, graphics, or web design.

Law and Order and Policy Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)

Government and Economics (P)

Law and Order and Public Policy (P)

CART Technology Applications

Sponsored by McCormick Barstow LLP

Students study the major aspects of constitution, criminal, and civic law. Students examine the American legal system and its impact on every American's life. They will discover the state of the law, and forecast the changes that will occur in their lifetime. Students will also consider America's influence on global legal issues.

Marketing and Advertising Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)

Government and Economics (P) or

Economics of Marketing (P) (ROP)

CART Technology Applications

Students explore the dynamics of how and why people spend their money and time, as well as ways to influence those decisions. They work with business professionals to produce effective business plans and develop marketing strategies for local businesses. Students learn industry standard technology for conducting market research and creating advertising products

Multimedia – Digital Media and Graphic Design Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)
Digital Media and Graphic Design (P) (ROP) (2 periods)
CART Technology Application

Students will explore and develop skills in communication and message design including color, typography, image placement and art and design principles. They will investigate graphic and web techniques in cooperative teams similar to corporate settings. Design students will work on all stages of production using industry-standard software (i.e. Adobe Design Premium Suite) to create original products such as posters, websites, newspapers, brochures, package designs and two-dimensional animation. All multimedia students develop skills in the content and presentation of message design, the sociological impacts of media, and the stages of the production cycle.

Multimedia – Digital Video Production & Broadcasting Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)
Digital Video Production and Broadcast (P) (ROP)
Digital Video Production and Broadcast (P) (ROP)
CART Technology Applications.

Students develop skills in television and film production. Using industry-standard software packages (i.e. Adobe Master Collection), students will engage in hands-on, integrated curriculum. They work on all stages of production while creating products such as short films, advertisements, journalism broadcasts, and documentaries. All multimedia students develop skills in the content and presentation of message design, the sociological impacts of media, and the stages of the production cycle.

Psychology and Human Behavior Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)
Neuroscience (P)
Psychology of Human Behavior (P)
CART Technology Applications

Students will investigate the inner workings of the human mind on the chemical level. Learn why people behave the way they do. What influences behavior? How is behavior controlled, changed, and modified?

Robotics and Electronics Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)
Physics and Technology (P)
Robotics/Electronics (P) (ROP)
CART Technology Applications

Sponsored by Grundfos-ROP (PM only)

Students will explore the fascinating and fun world of robotics; covering simple toys to the complex logic and articulation of environmental sensing, recording and actuating devices, and automated design and manufacturing machines. They will learn to design, build, and program a device that responds to external information. They will learn to understand electronics, pneumatics, and computer systems.

Web Application Development Lab

Program includes:

English 11 (P) or Exp. English 12 (HP)
Computer Science Foundations (ROP) 2 periods
CART Technology Applications

Students go beyond being a user of technology and become certified to design, develop, and deploy their own Rich Internet Applications, websites, and games using Web 2.0 developer tools such as Java, SQL, HTML5, CSS3, and JavaScript. Learn the foundational skills of object-oriented programming, web design, database design, scripting, and graphical user-interface design to ensure that end-users have a positive experience and return again and again to applications. Certifications through Microsoft, Adobe, and CIW are available.

INTERMEDIATE SCHOOL COURSE DESCRIPTIONS

(COURSES LISTED MAY NOT BE OFFERED AT ALL INTERMEDIATE SCHOOLS)

REQUIRED COURSEWORK

***All Intermediate Students are enrolled in the following grade appropriate level course work: Academic Block (English Language Arts, History), Math, Science, PE, Elective**

7th Grade Academic Block (Language Arts & History) Course # 20056/60055

Year Course

In this course students develop literacy skills to support development in areas of reading, writing, speaking, and listening. Students will develop reading strategies that they will be required to apply during independent and classroom reading. The course content expects students to read and analyze texts that represent diverse world cultures in the grades 6-8 text complexity band. Students will also develop writing skills in the three modes of writing suggested in California Content Standards – informative, argumentative, and narrative.

8th Grade Academic Block (Language Arts & History) Course # 20058/60052

Year Course

In this course students develop literacy skills to support development in areas of reading, writing, speaking, and listening. Students will develop reading strategies that they will be required to apply during independent and classroom reading. The course content expects students to read and analyze texts that represent diverse world cultures in the grades 6-8 text complexity band. Students will also develop writing skills in the three modes of writing suggested in California Content Standards – informative, argumentative, and narrative.

Math 7 Course # 41010

Year Course

Math 7 will focus on four critical areas as defined by the California Content Standards:

(1) Students will develop an understanding of proportional relationships, including percentages, and apply this to real world and mathematical problems. (2) Students will develop an understanding of operations with rational numbers and work with expressions and linear equations. They will work toward fluently solving two-step equations of the form $px+q=r$ and $p(x+q)=r$. (3) Students will solve problems that involve scale drawings and informal geometric constructions and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume. (4) Students will draw inferences about populations based on samples.

Math 8 Course # 41020

Year Course

In grade 8, instructional time should focus on three critical areas as defined by the California Content Standards: (1) formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; (2) grasping the concept of a function and using functions to describe quantitative relationships; (3) analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem.

Science 7 Course # 50050.7

Year Course

The 7th grade science course covers content from the integrated version of the Next Generation Science Standards for California Public Schools (CA NGSS) for grade 7. The topics covered consist of Chemistry, Ecosystems, Natural Resources/Geology, Earth History, and Human Impact. Integrated throughout the course will be the Engineering, Technology and Applications of Science Standards. To successfully complete the course objectives, we will use a variety of instructional methods including group discussion, lab experiments, videos, group work, and technology.

Science 8 Course # 50050.8

Year Course

The 8th grade science course covers content from the integrated version of the Next Generation Science Standards for California Public Schools (CA NGSS) for grade 8. The topics covered consist of Heredity, Biological Evolution, Earth and Human Activity, Motion and Stability: Forces and Interactions, Energy, and Waves and Their Applications in Technologies for Information Transfer. Integrated throughout the course will be the Engineering, Technology and Applications of Science standards. To successfully complete the course objectives, we will use a variety of instructional methods including group discussion, lab experiments, videos, group work, and technology.

Physical Education (P.E.) Course # 10050

Year Course

This P.E. curriculum class provides direct instruction in the areas of aquatics, combative sports, dance, gymnastics, individual sports units, outdoor education, team sports, and wellness.

INTERVENTION COURSEWORK

Academic Seminar

Course # 20025

Year/Semester Course

Academic Seminar will provide a common curriculum for students who are in need of academic growth in order to achieve proficiency in Language Arts. Through this course, students will improve Language Arts scores with standards-based instruction, applied study skills strategies for academic success, and develop awareness of learning/growth by monitoring/charting progress. The class focuses on providing intervention to help develop reading comprehension skills, writing skills, and language skills. Teachers will use a set curriculum to support students in these areas. In addition, teachers will set aside a limited amount of time each week to support students with homework assignments specific to their Academic Block classes.

Math Seminar

Course # 40003

Year/Semester Course

Math Seminar will provide a common curriculum for students who are in need of academic growth in order to achieve proficiency in Mathematics. Through this course, students will improve Mathematics scores with small group, standards-based instruction. The class will build basic foundational skills, reteach and support concepts taught in their general math class, as well as front load future material.

Reading Strategies / Read 180

Course # 20065

Year/Semester Course

Reading Strategies/READ 180 is a blended instructional model that includes whole-group instruction and three small-group rotations, adaptive software, differentiated instruction, and independent reading. It is designed to meet the needs of students reading two or more grade levels below their current grade level and accelerate their growth to close their achievement gap. .

Study Strategies

Course # 00062

Year/Semester Course

This class is designed to support students who struggle with grades because they need academic skills, organizational and study skills, and would benefit from the support of a teacher monitoring their grades, in-class assignments, and homework. It is designed for students whose grades are consistently lower than average. Students will be expected to write in their planner daily, keep an organized binder, and be prepared with the required materials to work on assignments. Students will be expected to track their progress in their classes, and students who are able to maintain consistently higher grades will be allowed to exit the class.

HONORS COURSEWORK

Advanced Math 7

Course # 41012

Year Course

Prerequisite: *Current grade, state test score, teacher recommendation, and score on the District math placement test.*

This course is offered to students who anticipate taking advanced placement mathematics in high school. This course provides an opportunity for students to begin advanced course work as a 7th grade student. A student who consistently scores in the highest testing level on standardized/benchmark math tests – typically the top 10-35% of your class. (A student who will be ready to take AP Calculus in high school. A student who strongly leans toward a career as an engineer, scientist, mathematician.)

Advanced Math 8

Course # 41022

Year Course

Prerequisite: *Must meet CUSD placement requirements. Student must have completed Advanced Math 7 with a minimum of an 85% average from both semesters to enroll in this course.*

This course is the equivalent of a 1st year high school math course. Students will be studying concepts from the traditional course of Algebra 1 and Geometry. Students meeting requirements will be expected to enter Math 2 as a 9th grade student.

Honors History 8

Course # 60059

Year Course

Prerequisite: **Application required.*

This course engages learners in the major concepts of history, government, and cultures through more rigorous content and instruction. This course emphasizes critical, creative and analytical thinking; self-directed independent research; and communication with writing, speaking, and multimedia. Students in Honors History 8 will develop historical research capabilities and practice historical analysis and interpretation through the common core curriculum and a required History Day project for Fresno County History Day. Students will also develop advanced level products and performances which reflect complex thinking and innovative ideas and will have an opportunity to hold mock trials before a federal court judge.

Honors Science 7

Course # 50043

Year Course

Prerequisite: *Science test scores, ELA/Math state test scores, grades, and teacher recommendation. Students must maintain a “B” average in science to stay enrolled in the class.*

This course is designed for the student with a special interest in science. This class is a more in depth approach to science. Group discussions, lab experiments, scientific writing, and individual and group projects will be utilized in the learning process.

Honors Science 8

Course # 50053

Year Course

Prerequisite: *Science test scores, ELA/Math state test scores, grades, and teacher recommendation. Students must maintain a “B” average in science to stay enrolled in the class*

This course is designed for the student with a special interest in science. This class is a more in depth approach to science. Group discussions, lab experiments, scientific writing, and individual and group projects will be utilized in the learning process.

Spanish I

Course # 98811

Year Course

Prerequisite: *See counselor.*

Spanish 1 is an introduction to the language. Vocabulary and grammatical structures will be presented through thematic units with an emphasis on oral, listening, reading, and writing expressions. Students will develop an appreciation for Hispanic culture and its influence throughout the world. Students who complete this course with an 85% or higher and are passing AB, Math, and Science with A's and B's can go into Spanish II as a 9th grade student.

ELECTIVE COURSEWORK

Advanced Art

Course # 70055

Semester Course

Prerequisite: Art teacher recommendation.

This course is a study of drawing and sculpting principles that have already been introduced to students completing the Art/Drawing elective. Art History, Art Appreciation, as well as Studio Art will be studied extensively.

Advanced Drama (2nd year Drama)

Course # 80050

Year Course

Prerequisite: Beginning Drama (1st year Drama)

This is a performance class. Advanced Drama students will be required to perform in production with their class. Students will also complete projects using theatre techniques such as; documentaries, silent films, and scene work.

Agriculture Exploration

Course # 30009

Semester Course

This course is offered for students interested in the agricultural science courses in high school. Topics include: plant science, animal science, public speaking, record keeping, agricultural jobs and organizations, judging and competitions.

Art/Drawing

Course # 70053/70057

Semester Courses

Art/drawing offers students the opportunity to learn to coordinate mind, hand, and eye as they create projects using various arts and crafts materials and media. Drawing, painting, design, sculpture, art principles, and other creative activities are explored during the semester. Art History and Art Appreciation will also be studied.

AVID (Advancement Via Individual Determination)

Course #00075

Year Course

*Prerequisite: *Application required*

AVID is a seventh through twelfth grade program that prepares eligible students for admission to a four-year college or university. The AVID elective supports students as they challenge themselves in more rigorous classes. Students are taught study skills, note taking, time management, writing and research skills, while being immersed in a college-going culture. The class also includes tutoring sessions that are led by college students and provide support for success in the academically rigorous curriculum. Additionally, the AVID class provides access to information about colleges and universities through fieldtrips, guest speakers, college tutors, scholarship opportunities and college admission requirement information.

Beginning Drama (1st year Drama)

Course # 80052

Year Course

This is an introductory course to theater. Students will learn basic theater concepts and stage terms. Students will learn pantomime, improvisation, and performance techniques to help them become more comfortable in front of an audience and on stage.

Ceramics

Course # 70054

Semester Course

This course provides the beginning foundation in the basic techniques for creative ceramic making. Emphasis is placed upon functional as well as aesthetic design, good craftsmanship, development of skills and exploration of cultural and historical influences.

Collaborative Mentoring

Course # 00076

Year Course

*Prerequisite: *Application required*

This course is designed for the General Education student (Mentor) who desires to help others who have special needs. Mentor students will work one-on-one with a Special Education student in elective courses. Mentors will develop leadership skills, learn problem solving skills, and behavior management techniques. Mentor students will assist their partner with projects in their elective course.

Colorguard

Course # 11005

Year Course

Colorguard members participate in two dance recitals during the year and all colorguard members participate in the competitive winterguard during second semester. The colorguard is also part of any parades in which the bands participate and they will also perform at the CUSD Band Night. There will be a try-out day for students interested in joining colorguard; students will be notified following try-outs if they have been selected to be on the team. There are after-school and weekend practices, as well as performances which are all mandatory to attend.

Computer Applications 7

Course # 31007.CTE

Year Course

An introductory course for 7th grade students to support their integration into the technology-rich laptop environment at the intermediate level. Students will learn foundational computer applications programs to support their learning and demonstration of knowledge on their core academic classes and strategies for appropriate online communication. Students will understand the NETS (National Technology in Education Standards) and meet proficiency requirements through the use of worksheets, quizzes, tests, projects and exams.

Computer Applications 8

Course # 31008.CTE

Year Course

An intermediate level course for 8th grade students to advance integration into the technology rich laptop environment at the intermediate level. Students will learn basic programming skills, web design, computing and data analysis, robotics, advanced research skills, and photography and videography. Students will understand the NETS (National Technology in Education Standards) and meet proficiency requirements through the use of worksheets, quizzes, tests, and projects.

Exploratory Agriculture Mechanics & Engineering

Course # 31002

Semester Course

This course provides an introduction to the agriculture mechanics and engineering industry. Students will acquire basic skills needed in the workplace.

Exploring Technology

Course # 30007

Semester Course

Students will cover many aspects of technology through hands on project-based learning. Students will have the opportunity to build, program, and operate ROBOTS through advanced technology. In addition to the robotics component of this class, students will learn about computer applications, build and launch rockets, create movies, build circuit board.

Film Studies

Course # 20067

Semester Course

This is a course that focuses on the historical study of film in America. We will view some of the earliest films before sound, and examine the life of the actors, directors and writers involved. Students will watch films from different genres and will be required to complete reflections and critiques which will enhance their writing skills.

Intermediate Drama

Course # 80056

Year Course

This is an intermediate course to theater. Students will learn intermediate theater concepts and stage terms. Students will learn more in-depth information in pantomime, improvisation, and performance techniques to help them become more comfortable in front of an audience and on stage. .No audition required.

Introduction to Spanish

Course # 90051

Semester Course

This is an introductory course to the Spanish language, Students will become proficient in simple directions, conversation and social pleasantries. Customs of the Spanish culture will also be explored.

Journalism

Course # 00053

Year Course

Pre Application Required; grade of A or B in Language Arts

Requisite: Application required to register

This course is open to students interested in working on the school yearbook. Students will develop skills in photography, layout design, story writing, editing, proofreading, advertising, marketing, and production experience. Computer and camera knowledge is helpful.

Leadership

Course # 00054

Year Course

*Prerequisite: Completed application submitted, minimum grade point average of 3.0 required, and approval of Academic Block or 6th grade teacher. *Application required*

Leadership students will be participating in the planning and execution of a variety of projects, such as setting up dances, rallies, painting signs and various school functions. Students will be involved in running school fundraisers. Leadership students will be involved with civic activities at school and in the community. There will be cooperative learning activities and oral presentations. Leadership students will develop the leadership skills that are relevant to junior high life.

Peer Counseling

Course # 00064

Year Course

*Prerequisite: Application, G.P.A. 2.5 or above, and approval of Academic Block or 6th grade teacher. *Application required*

Peer counseling is a program in which students are trained to help fellow intermediate students with problems faced in adolescence. The goal is not to give advice, but to guide others to develop their own solutions to problem situations. Student leadership skills are also emphasized. A training session is required.

P.E. Strength and Weight Training

Course # 11016

Year Course

PE Strength and Weight training provides an opportunity for students to improve muscle strength and endurance. Students will study the muscular and cardiovascular system, nutritional aspects of fitness, and assess body composition. The conditioning unit will provide for cardiovascular improvement.

Robotics 7 & 8

Course # 51001.CTE

Year Course

This curriculum leverages the excitement of competition to inspire and engage students in robotics. Students will start off learning appropriate safety protocols for the classroom and shop. Students are then certified and progress into an introduction to robotics. Students get a first-hand experience in the design process. Once design is completed, students are introduced to the actual Game challenge. Students work in groups to deconstruct the game and present each component to the class. The curriculum is created to ensure that students with varying learning styles and levels can accomplish the lesson goals. No prior robotics experience is required..

Teen Living

Course # 30031

Semester Course

Home economic course for the 21st century. Teen living is a hands on semester course introducing the main home economic areas. Units of study include nutrition, food preparation, self-esteem development, decision-making, money management, job skills, and clothing care.

Tutoring (Teacher's Assistant)

Course # 00055

Semester Course

Prerequisite: Must have no D's or F's

Students enrolled in this course are assigned to a classroom teacher, administrative office, the nurse's office, or the library media center. Course work includes helping other students in various content areas and assisting in clerical tasks such as filing or using the computer.

Woodworking

Course # 30096

Semester Course

This course will provide students experience in woodworking knowledge and skills needed to produce small wood products. The beginning student will learn how to use hand tools and power equipment in the class. Safety, project planning, design, and good craftsmanship are emphasized.

Yearbook

Course # 00056

Year Course

Prerequisite: *Application Required; grade of A or B in Language Arts

Application & Interview required

This course is open to students who are interested in working on the school yearbook. Students develop skills in layout design, story writing, editing, proofreading, advertising, marketing, and production experience. Computer and camera knowledge is helpful.

CHOIR

Chamber Choir/Sotto Voce Choir

Course # 80072

Year Course

Prerequisite: Placement by Choral Director.

This is a premier performing group for girls and/or boys in the 7th and 8th grade who have auditioned and possess a high level of vocal and musical skills, as well as good grades. Members of Chamber will be expected to maintain a “C” average. They perform choral literature of all styles and periods. Students will learn to read music at sight.

Concert Choir

Course # 80055

Year Course

Prerequisite: Placement by the Choral Director

The Concert Choir is made up of girls who have a special interest in music and a strong aural awareness and are already skilled in part singing. This choir performs choral literature in 3 or 4 parts from all musical genres. Students will perform at school functions, festivals, and civic events. Singers are required to attend all extra rehearsals and be present at all performances.

Jazz Choir

Course # 80071

Year Course

Prerequisite: Placement in Canto Vivo and Jazz Choir, placement to be determined by the Choral Director

The Concert Choir is made up of girls who have a special interest in music and a strong aural awareness and are already skilled in part singing. This choir performs choral literature in 3 or 4 parts from all musical genres. Students will perform at school functions, festivals, and civic events. Singers are required to attend all extra rehearsals and be present at all performances.

Soprano & Alto Choir

Course # 80064

Year Course

This is a beginning level course offered to girls who have an interest in vocal music. It is designed to develop an appreciation and an understanding of musical styles from a variety of sources. Members will learn to understand musical symbols and perform them. Members will learn to sing music written in unison and 2 parts.

Treble Clef Chorale

Course # 80047

Year Course

This choir is designed to meet the needs of those singers who possess stronger vocal and aural skills. This class will develop good singing habits and will introduce challenging music from a variety of styles. Students will learn music vocabulary and symbols. Two and three part music will be taught. Students are required to attend all extra rehearsals and be present at all performances.

Tenor & Bass Choir

Course # 80053

Year Course

This course is offered for boys who have a desire to sing in choir. It provides an opportunity for young men to learn proper vocal techniques, in a non-threatening environment, as they transition through the changing voice. Members will learn to sing music written in 2, 3 and 4 parts. The boys will perform at school and civic events. Students are required to attend all extra rehearsals and be present at all performances.

INSTRUMENTAL MUSIC

Band

Course # 80051

Year Course

Band is open to all students who play a band instrument. Students who are interested in any of the band classes should register for “**Band**” on their registration form. Students will be placed in the appropriate class by the band director.

Intermediate Band - is a full band class. The focus of Intermediate Band is the development of good fundamental skills. The majority of students in this class will be 7th graders. Attendance at performances is expected.

Concert Band - is comprised of two classes (Brass and Woodwinds) that are combined for concerts. Students in this class should have a strong grasp of music fundamentals. Attendance at performances is expected.

Symphonic Band - is a full band class. Students in this class will have a strong grasp of music fundamentals. Students will be placed into this ensemble by audition and/or director recommendation. Attendance at performances is expected.

Jazz Band

Course # 80058

Year Course

Prerequisite: See Counselor

Jazz Band is open to instrumentalists who have had prior instruction on a band instrument. This class rehearses during the school day. It is designed to teach the language of Jazz and prepare students for performances in concerts and festivals. Students are required to attend all extra rehearsals and be present at all performances. After school rehearsals may be required.

Marching Band

Course # 11005

Year Course

Prerequisite: See Counselor

All 8th grade students who participate in any band class are encouraged to participate in marching band and 7th grade students are encouraged to join as their skills develop. 7th grade students who want to march in parades and band reviews should register for 0 Period PE. Because this will satisfy a student's PE requirement, this option opens up a second elective for students allowing them to pursue two interests without having to choose between them. In addition, students will learn the basics of marching technique. All students in 0 Period PE/Marching Band are automatically in our Marching Band. The full Marching Band and Color Guard rehearse on Fridays during 0 Period during the fall marching season.

Orchestra

Course # 80059

Year Course

Prerequisite: See Counselor

The orchestra is open to students who are interested in playing string instruments (violin, viola, cello, and string bass).

Concert Orchestra is made up of beginning/intermediate level violin, viola, cello, and Double Bass string players. It is encouraged, but not required to have one or two years of music experience prior to entering the class.

Advanced Orchestra is by audition only. This class is made up of advanced string players who have been playing for three or more years. Private lessons are encouraged, but not required.

Percussion

Course # 80068

Year Course

Prerequisite: See Counselor

Percussion is part of the instrumental music program, but is a separated class, and is open to students who wish to learn percussion. There are two classes offered during the school day. One is for beginners who come in with little to basic elementary school ability (usually 7th graders) and the other is for advanced students with prior percussion training (usually 8th graders). Most students take the zero period marching band P.E. which allows for study of marching drumline instruments and prepares them for the competitive winter percussion season between December and March. Students will learn music theory, as well as rhythmic and fundamentals which includes both reading and writing music. In addition to participating in the concert band setting, these students will primarily focus on exploring the snare drum and keyboards.
